MODERN PACKAGING

INDEX TO VOLUME 37

SEPTEMBER 1963 TO AUGUST 1964

GENERAL ALPHABETICAL INDEX

A	Month	Page
Acetal aerosols	January	108
ADHESIVES		
Adhesives evaluation	April	222
Adhesives for special packaging purposes; Morningstar-Paisley, Inc.	April	72
Adhesives forces pertaining to wax uses	May	136
Formulated for gluing polyethylene-coated carton blanks on folding-box gluer	June	107
Hot-melt adhesive applicators; Tensor Corp.	September	238
Hot-melt adhesives	June	128
Hot-melt adhesives; exhibits at AMA Show	June	123
Hot-melts; applicators	November	147
Improved vinyl-copolymer additive; use in solvent-thinned and hot-melt adhesives; E. I. duPont de Nemours & Co.	July	62
Machinery for application of hot-melt adhesives; Frank W. Egan & Co.	April	70
New glue-bond tester; W. O. Kroeschell	June	141
Three moisture-resistant adhesives; Morningstar-Paisley, Inc.	June	62
ADVERTISING AND PUBLICITY		
Advertising space on bread end labels; Dugan Bakeries	August	46
Life span of a package; Suren Ermoyan	June	127
AEROSOL CONTAINERS		
Aerosol travel pack for shave-cream	March	44
Blow-molded aerosol bottles of acetal co-polymer in production; Imco Container Co.	February	50
Blow-molded plastics aerosol containers	June	119
Butter dispenser; National Starch & Chemical Co.	June	44
Collapsible pocket-size aerosol; French firm (Valois)	April	108
Directional-spray aerosol overcap; Aerosol Research Co.	August	60
Economical all-polypropylene aerosol bottle; Helena Rubenstein, Ltd.	April	150
Food aerosols	April	142
Trend to aerosol containers for antiperspirants	July	43
20-oz. aerosol dome-style can; Continental Can Co.	December	176
10-oz. pressure container; American Can Co.	August	56
Aerosol filler/crimper/gasser; Pro Pak	October	58
Aerosol filler; The Kartridge Pak Co.	October	54
Aerosol hair spray; 42 Products, Ltd.	September	174
Aerosol, Ltd. (interlocking separate mechanical elements)	October	117
Aerosol-overcap placer; PMC Industries	September	235
Aerosol overcaps, Tamperproof; Sunbeam Plastics Corp.	September	240
Aerosol Package Contest; Chemical Specialties Mfrs. Assn.	January	178
Aerosol products; New York City Fire Department regulations	January	156
Aerosol propellants, Unit for blending; General Kinetics, Inc.	April	76
Aerosol shampoo container; Helen Curtis, Ltd.	September	110
Aerosol spray top molded of polypropylene; Dioon-Beck Mfg. Co.	October	170
Aerosol unit with single filling station; Italy	September	110
Aerosol valve; higher-speed propellant filling; Swiss firm	February	84
Aerosol-gas pressure checker; Andora Automation, Inc.	April	74
AEROSOLS		
Aerosol with an applicator for upholstery cleaner; Glamorene, Inc.	November	123
'All-in-one' aerosol filler from abroad utilizes revolving table; Druk Pak, Inc.	February	50
Automatic aerosol-filling line; Aerosol Machinery Co.	November	62
Blow-molded acetal	January	108
Blown acetal aerosols; Celanese Polymer Co.	June	216
First blown-plastics aerosol; Studio Girl	July	128
Free-piston aerosols for foods; Richmond Aerosols, Ltd.	October	60
Laboratory and short-run aerosol filler	November	60
Growth of aerosols	January	44
Nearing billion-aerosols mark in Europe	March	86
New aerosol metered-valve construction simplifies filling; VCA, Inc.	December	56
New food-aerosol propellant; F. A. Bower, J. H. Fassnacht and G. J. Roewe	December	137
Non-magnetic water test bath accommodates aluminum aerosols; John R. Nalbach Engineering Co.	October	52
Perfume in polypropylene aerosols; Helena Rubinstein, Ltd.	March	86
Pressurized containers	August	16
A universal metering aerosol valve used for fluid make-up; Frances Denney	February	94
Up: aerosols for industry	October	102
Air-Shields, Inc.		
Multi-ply corrugated, multiplied savings; shipment of medical instruments overseas	May	126
Air-shipment packaging: standards for	February	82
ALCOHOLIC BEVERAGES		
Aluminum-alloy cast barrels for beer; England	September	110
Aluminum beer cans	February	44
Anheuser-Busch: a study in production	April	154
Beer and liquor labels; vacuum metalized paper wraps; Standard Packing Corp.	February	50
Beer-bottle top opens with coin; Tennent, Ltd. (Glasgow)	September	110
Beer-can lid business; steelmakers	May	46
Beer-can end-coding device; Continental Can Co.	January	54
Beer cans	April	134
Bottle standards for beer and other beverages; European Free Trade Assn.	May	82
Budweiser's 10-can gravity-feed dispenser carton; Anheuser-Busch	January	92
Carry-home cooler pack for beer; South African Breweries, Ltd.	December	86
Closures for beer bottles	April	137
Drinking beer from a plastics bag; Pretoria, South Africa	August	80
Full-panel art adds sales dazzle to corrugated cartons; Miller Brewing Co.	September	141
A glass of wine in PVC	August	96
Home beer tank	April	43
Improved beer can tear-tab top; American Can Co.	March	58
Intermediate-skirt bottle crown; Armstrong Cork	March	58
Lightweight-board carrier saves 10¢; F. & M. Schaefer Brewing Co.	August	122
Molded pulp protects wine bottles; West Germany	June	78
Multipackagers for beer cans; Anheuser-Busch	June	212
New tube-type carrier for bottles; National Brewing Co.	February	118
Opening devices for beer bottles and cans	January	41, 160
Payoff in a new plant; The Fleischmann Distilling Corp.	April	192
Pictorials for whiskey; Calvert Distillers Co.	March	122
Plastics cases for beer	August	191
Plastics containers	November	261
Plastics devices in multipacks for canned beer	December	39
Price cut in one-way beer bottles; Owens-Illinois Glass Co.	February	41
Random sealer eases labor; North America Wines Corp.	September	168
Room for one-way beer bottle in Germany	May	82
Shipments of Scotch whiskey in bulk	November	41
Standard beer bottle for Common Market	December	84
Tear-tab aluminum top for beer cans	October	92
Tear-tab beer can	June	41
Use of shrink film wrap for beer	July	43
Use of tinplate in beer cans	December	144
Automatic filling of miniatures	May	97
Allen, Mark Co.		
Leakage, costs cut; propionate container for dental stain-removal powder	May	123
ALUMINUM		
Aluminum-alloy cast barrels for beer; England	September	110
Aluminum cans move into soft-drink market; Cantrell & Cochrane	November	125

	Month	Page
Aluminum-coated paper; Standard Packaging Corp.	February	50
Aluminum-ingot prices	November	255
Beer cans	February	44
Bottle caps; Perry Industries, Inc.	June	190
Can making; American Can-Ilikon process	January	157
Can material	March	41
Cans	April	134
Cans; opening devices for	April	323
Cans; research and development	May	46
Containers for vended products	November	267
Cook-in aluminum cans; John Morrell & Co.	December	97
Easy-to-remove aluminum top for 6-oz. cans of peanuts; Kelling Nut Co.	March	104
The first heat-processed zip-top can; Armour & Co.	May	111
Handling aluminum cans	September	200
Laminated foil-paper as protection against insect invasion	October	132
Non-magnetic water test bath accommodates aluminum aerosols; John R. Nalbach Engineering Co.	October	52
Price increases	August	196
Price moves in aluminum	February	44
Sardine cans	August	43
Shipments of aluminum and aluminum products in 1963	March	164
Tear-open aluminum can for sardines needs no key; American Can Co.	July	59
Tear-tab cans; a phenomenon	October	92
Aluminum Co. of America		
License from United Shoe Machinery Corp. covering basic patents on easy-open cans	November	258
Aluminum foil (see Foil)		
American Can Co.		
Expands with $8 million program	September	274
Rights for electrostatic printing	February	44
American Cyanamid Co.		
Plastics blend for problem products	August	101
American Home Foods (Division of American Home Products Corp.)		
Pouch that acts like a carton	September	134
American Laboratories		
Convertible display/dispenser for cough and cold tablets	April	149
American Management Assn.		
AMA marketing papers	July	212
AMA will make a movie	June	124
Conference on 'creativity.'	June	125
Packaging Show (see National Packaging Exposition)		
Seminar on Packaging in European market	January	44
Packaging Show (see National Packaging Exposition and Conference)		
American Optical Co.		
Cord strapping saves 6¢	October	114
American Petroleum Institute		
Institute boosts waxes	January	167
Seminar emphasizes wax coatings	August	176
American Research Merchandising Institute	March	94
American Society for Testing & Materials		
ASTM extraction test method; Charles M. Rosser	December	131
American Tobacco Co.		
Pop-open cigarette package	August	92
AMPOULES		
Portable ampoule imprinter; Markem Machine Co.	June	60
Anheuser-Busch, Inc.		
Budweiser'a 10-can gravity-feed dispenser carton	January	92
A study in production	April	154
ANIMAL-FEED PACKAGING		
Non-commercial look comes to the pet product field; veterinary nutritional tablets in ceramic clay-fired jar; Upjohn Co.	February	99
APPLICATORS		
High-speed hot-melt applicators; Specialty Automatic Machine Sales	November	212
Arden, Elizabeth		
Plastics jar sans air space for Elizabeth Arden's creams	January	90
Textured paperboard carton for liquid night cream	April	143
Armour & Co.		
The first heat-processed zip-top can	May	111
Image of superior quality for new canned ham	May	105
Milestone in jar filling	September	154
Nylon in a meat package; Armour frankfurters	November	120
Armour Creameries		
Reseal pouch for shredded cheese	April	200
Armstrong Cork Co.		
16-foot tear-tape opening device	November	119
Two-part plastics bottle combines utility and economy for window-cleaner tablets	November	124
Arnold Bakers, Inc.		
A borrowed 'new look;' container and packaging technique for tomato-juice cocktail	January	116
Aroma permeability, Measuring	April	230
Austin Biscuit Co.		
Package for vending-machine sale	January	93
Australian Trade Center	February	84
AUTOMOBILE SUPPLIES AND PARTS		
Engineered shipper saves 15¢; Firestone Steel Products Co.	June	108
Avon Products		
Beautiful but tough; sculptured carton for cosmetics; Avon Products	April	137, 146, 306
Now: ultrasonics in use	September	136

B

Bag loader and tyer; Carbert Mfg. Co.	October	58
BAG MAKING		
Bag maker for turning heavy-gauge polyethylene film into industrial-sized bags; exhibit at Amsterdam.	June	106
Flat- and gusseted-bag maker; Heinrich Equipment Corp.	September	78
New line of film-bag-forming machines; Heinrich Equipment Corp.	April	74
BAG PACKAGING		
Automatic polyethylene bagger; National Equipment Corp.	September	232
Bag-opening and sealing machine; Count-o-Matic, Inc.	October	166
Bagging scale boasts extreme accuracy in 50- and 100-lb. fills; Howe Richardson Scale Co.	October	52
Die-cutting, bag-packaging machines; American Packaging Corp.	April	74
Flour-packaging machine; Fr. Hessen Maschinenfabrik	September	78
Milk by the bag; Container Corp. of America	April	46
New unit cuts labor and materials costs in cup bagging; Thermo Plastics, Inc.	October	114
BAGS		
(See also Multiwall Bags; Plastics Bags; Sealing Equipment)		
Compartmented bag for furniture legs; Jiffy Mfg. Co.	December	64
High-barrier bags with saran-latex coating; Thilmany Pulp & Paper Co.	August	60
Machine forms film bags of tubing, fills, weighs and seals; Fr. Hesser Maschinenfabrik	November	54
Method of bag shaping and control; Oslo, Inc.	January	146
Multiwall 'bag' that can hold 3,000 pounds; St. Regis Paper Co.	August	60
New heat-sealing process used on polypropylene bags; Morpac, Inc.	October	58
Patching kit for multiwalls and heavy-duty plastics bags; Bemis Bro. Bag Co.	September	244
Polyvinyl chloride	February	178
Rainbow of colors in plastics shipping bags available from French supplier	June	78
Release-coated multiwall bag for waxes, resins; Union Bag Camp Paper Corp.	June	60
Rise of film shipping bag; England	June	80
Seal strength in coated bags	June	158
Simplified closure on baler bag; Olin Mathieson Chemical Corp.	July	192
Skid-resistant multiwall bags; International Paper Co., Bagpak Div.	December	176
Tear-off tops for film bags	May	144
Unit for compressing filled bags; Lewis & Clinch, Inc.	November	60
Bakery stores	April	43
Bananas; last big hold-out in food	June	134
Band-Aid packages; Johnson & Johnson	September	167
BATTERIES		
Testing and wrapping; Vidor, Ltd. (Scotland)	December	84
Bauer & Black		
Research to create a market for support hosiery	October	106
BEVERAGES		
Aluminum cans move into soft-drink market; Cantrell & Cochrane	November	125
Beverages turn to plastics cases	August	120
A borrowed 'new look' container and packaging technique for tomato-juice cocktail; Arnold Bakers, Inc.	January	116
Closures for beverage bottles	April	137
Coffee-brewing kit for hotel and motel use	December	205
Cordials appear in blow-molded plastics bottle; Australia	December	86
Expansion of plastics into beverage field	April	139
Lighter-weight polyethylene bottles for non-carbonated fruit drinks; Continental Can Co.	May	58
Plastics containers	November	261
Plastics devices for multipacks	December	39
Pouch package for a bubble stick; unique form of carbonated drink; Pacific Hawaiian Products Co.	April	170
Progress of cans in soft-drink industry	April	43
Soft-drink industry's exemption from requirement that labels list ingredients in their products	November	41
'Square-and-round' glass decanter for apple juice satisfies divergent aims; New England Apple Products Co.	February	99
"Technical sales program"	July	46
Two-stage blown PVC bottle for fruit-drink; Marks & Spencer	November	114
Use of shrink film wrap	July	43
Binney & Smith		
Polystyrene insert 'anchors' paint squares, cuts damage	September	140
BLEACHING COMPOUNDS		
Integrated packeting/pouching/cartoning for powdered bleach; Colgate-Palmolive Co.	December	99

	Month	Page
BLISTER PACKAGES AND PACKING		
Automatic film feed for blister packs; Abbott Plastic Machine Corp.	September	236
Big blister balks pilferage; Woodhill Chemical Corp.	August	103
Blister cards in foam base cutting packaging costs for Schick Safety Razor	January	110
Blister sealer for contour packaging; Atlas Vac-Machine Corp.	November	212
Bulbs in blisters; General Electric Co.	October	100
Carded blister for products sold from a rack	March	95
Cheese and crackers in a blister; England	August	80
Dramatic blisters; Kraeuter & Co.	February	111
Flexible mechanization blister packaging; Consolidated Models, Inc.	April	188
Growth of blister and skin packaging	April	140
In-line conveyorized blister heat sealer; Globe Industries, Inc.	April	70
New round-table machine designed for blister and skin carding operations; Impak System, Inc.	March	55
Plastics-film blister machine; Giacomini Industria Chimica s.r.l.	October	56
Retailers in favor of blister and skin packages	March	44
Skin-and-blister techniques in self-selection card; Dymo Industries	July	103
BLOW-MOLDING		
Acetal aerosols	January	108
Blow-molded aerosol bottles of acetal co-polymer in production; Imco Container Co.	February	50
Blow-molded polyethylene container for liquids; American Cyanamid Co.	August	101
Blow-molding machines; The Producto Machine Co., Plastics Machinery Div.	January	54
Compact in-plant blow-molder; European Plastic Machinery Mfg., AS.	November	62
Liquid CO_2 cools blow-molded containers; Owens-Illinois Glass Co.	February	54
Oil cans; Humble Oil & Refining Co.	June	103
Plastics oil bottle; Sun Oil Co.	April	144
Polycarbonate bottle	June	149
Polyethylene and polystyrene containers	November	110
Polypropylene and polycarbonate containers	November	111
Polypropylene copolymer	January	108
BOOK REVIEWS AND COMMENTS		
Blue Book of Automatic Merchandising; National Automatic Merchandising Assn.	September	250
Copyrights; Barbara A. Ringer and Paul Gitlin	April	284
Directory of Contract Packagers and Their Facilities; Packaging Institute	June	196
Glass Containers 1962; Glass Container Mfrs. Institute	September	250
Engineering Design for plastics; Eric Baer	August	164
1964 Book of ASTM Standards; American Society for Testing & Materials	April	284
Packaging and processing of Foods in Flexible Pouches; MRD Div. of General American Transportation Corp.	October	180
Packaging Institute publications	November	222
Pressure Sensitive Tape Product Directory	April	284
Rigid Plastics Foams; T.H. Ferrigno	March	164
Symposium on Simulated Service Testing of Packaging; American Society for Testing & Materials.	September	250
The Technology of Food Preservation, Dr. Norman W. Desrosier	September	250
Type and typography; Ben Rosen	March	164
Book-like products; Automatic packaging of; Stone Container Corp.	October	58
BOOKS		
Book publishers packaging	April	46
Bordon Co., The		
New quality and economy in coated carton	May	98
BOTTLE WASHERS		
Net jetting technique on bottle washer; Thomas Hill Engineering Co.	January	54
BOTTLES		
(See also Closures)		
Antistatic rating of plastics bottles; Roy R. Davis	January	119
Automatic plastics-bottle trimmer; Brown Machine Co.	November	212
Beer bottles (see Alcoholic Beverages)		
Bleach- and detergent-bottle resins; U.S. Industrial Chemical Co.	October	170
Blow-molded aerosol bottles of acetal co-polymer in production; Imco Container Co.	February	50
Blow-molded polyvinyl chloride bottles; M. Salame and Jules Pinsky	April	209
Blown plastics bottles without seams; European Plastic Machinery Mfg., Copenhagen	August	80
Bottle decorating machine; Dennison Mfg. Co.	September	76
	June	64
Bottling equipment; The Fleischmann Distillery Corp.	April	182, 309
Broad-shouldered bottle for whiskey; Calvert Distillers Co.	March	122
Cases for returnable bottles	August	121
Casing unit for plastics bottles; Adams Power Equipment, Ltd.	September	248
Clear glass protects liquid milk formula in shelf storage; Mead Johnson	June	105
Color labels for beverage bottles	April	137
Compact in-plant blow-molder of plastics bottles; European Plastic Machinery Mfg., AS.	November	62
Cordials appear in blow-molded plastics bottles; Australia	December	86
Decaser tray with sleeve for bottle protection; Armstrong Cork Co.	April	274
Decoration of glass and plastics bottles; Unit Tool & Engineering Co.	October	118
Engineering the plastics bottle. E.J. Temple	November	162
Expanded markets in France for PVC bottles	June	78
Ginger-ale bottle; Canada Dry Corp.	October	98
Half-gallon plastics bottles for food beverages; Dow Chemical Co.	September	248
Milk in plastics bottles has arrived	July	120
New line of PVC bottles features good impact resistance; Creative Packaging, Inc.	July	59
New lines of plastics carriers to hold soft-drink bottles; Union Carbide Corp.	June	64
New 15-gal. plastics carboy; Monsanto Chemical Co.	June	60
New plastics for bottles	May	144
New test for plastics antistatics. Roger R. Schanzle	May	129
New tube-type carrier for bottles; National Brewing Co.	February	118
New unit makes seamless blow-molded bottles; European Plastic Machinery Mfg.	July	62
New role for plastics in drugs	January	100
Opening devices.	January	41, 160
Operating with plastics bottles; Edward D. Wilcox, Jr.	November	157
Phenoxy bottles; Union Carbide Plastics.	June	119
Plastics Bottle Division, Society of the Plastics Industry	May	185
Plastics bottle for welding-alloy powders; Eutetic Welding Alloys Corp.	April	151
Plastics bottle is a 100% dispenser; Metal Box Co. (London)	March	86
Plastics-bottle 'pocket' holds leaflet; Switzerland	June	80
Plastics bottles: new era	April	137
Plastics bottles; packaging of pharmaceutical tablets; Bemis Bro. Co.	June	60
Plastics bottles (Soakys) for liquid bubble bath product; Colgate Palmolive Co.	December	116
Plastics oil bottle; Sun Oil Co.	April	144
Poisons bottle identifiable by touch developed by Australia's Standards Assn.	November	90
Polyethylene (see Polyethylene Bottles and Tubes)		
Polypropylene low-pressure spray bottles for perfume and cologne; Helena Rubinstein	May	110
Polystyrene.	April	139
Polystyrene; British developments	October	118
Polyvinyl chloride	March	41
	June	119
Polyvinyl chloride; blow-molded, holding oil-based products and solvents; Monsanto Chemical Co. and Hedwin Corp.	August	46
	June	58
PVC bottles in Europe	May	46
Printer handles problem plastics bottles; England	April	106
Shampoo and lotion bottles; John H. Breck, Inc.	December	95
Standardization in Europe	December	84
Two-part plastics bottle combines utility and economy for window-cleaner tablets; Armstrong Cork Co. (Consumer Products Division)	November	124
Two-stage blown PVC bottle for fruit drinks; Marks & Spencer	November	114
Uncasers	November	147
Valve dispenser for glass or PE bottles; Henlopen Mfg. Co.	June	64
BOWLING EQUIPMENT		
Foam scores $8000 strike; Columbia Industries, Inc.	August	123
Bowman Instrument Corp.		
Standardizing with foam	November	131
BOXES		
(See also Corrugated Containers		
Banana boxes	June	136
Low-cost mailing and utility box; United States Box Co.	September	242
Low-cost upgrading; precision watches for children in two-piece box; Elgin National Watch Co.	April	204
Plastics folding box for shoe shine; K. J. Quinn Co.	April	161
Rigid-box symposium (sponsored by National Paper Box Mfrs. Assn. and eastern chapter of Package Designers Council) scans the future	April	302
Roll-open covers on paperboard boxes; United States Box Co.	November	214
Set-up box awards; National Paper Box Mfrs. Assn.	July	107
Set-up boxes; sales	July	46
13 folding box winners; Folding Paper Box Assn.	April	174
Tinplate foil used as corrugation in boxes; Continental Can Co.	August	56
Wire stitcher for boxes; Acme Steel Co.	November	62
Breck, John H., Inc.		
Task force for packaging	December	93
Breskin Publications Inc.		
Merger with McGraw-Hill, Inc.	February	87
Brill, H. C., Inc.		
Letter of the law becomes a graphic design element for canned foods.	August	103
British Columbia Packers, Ltd.		
Lower costs, less damage; polyethylene replacing cellophane for fish wrapping.	November	151
BUBBLE PACKS		
Plastics-film blister machine for manufacture of blister and bubble packs; Giacomini Industria Cheimica s.r.l.	October	56

	Month	Page
BUNDLING		
Cans in heat-shrinkable PVC film	June	123
Electro-Mechanical unit	June	107
Machine for wrapping bag packages containing corn flour; Fr. Hessen Maschinenfabrik	September	78
Burndy Corp.		
Function in a strip thermoform	November	138
Burrus Mills		
A carton for distinction (granular flour from regular flour)	August	102
C		
California Packing Corp.		
Triple-barrier package for dried fruits	July	134
California's program for weight control	July	130
Calvert Distillers Co.		
Pictorials for whiskey	March	122
Can beaders; E.W. Bliss Co.	February	56
CAN CARRIERS		
High-performance polypropylene as can carrier; HLH Products	December	105
Can handling	April	230
Can Manufacturers Institute		
Shipment of cans for soft drinks	March	41
Canada Dry Corp.		
Ginger-ale bottle	October	98
CANDY AND CONFECTIONERY		
Automatic foil wrapping of chocolate eggs; England	February	84
Automatic wrapping of chocolate bars; Societe Anonyme des Plieuses Automatiques Lausanne	June	62
Candy cups by the yard; Whitman Div. of Pet Milk Co.	December	112
Candy labeler: less labor; See's Candy of California	April	199
Case handler saves 50%; Hershey Chocolate Corp.	September	169
Decorative protective wrappers for candy; Thilmany Pulp & Paper Co.	February	164
Glassine trays for individual candies; Multicup Package Produce Corp.	September	242
New cellophane candy wrap; Olin Mathieson Chemical Corp.	September	74
Paper/plastics candy box; Sisco Hamilton Co.	March	97
Simple change, big economy; switch from steel to tungsten carbide blades in packaging machinery; H.B. Reese Candy Co.	January	111
Tear-strip candy packaging	September	110
Vacuum-metallized paper wraps; Standard Packaging Corp.	February	50
Canners Directory (reviewed)	November	222
Canning Machinery & Suppliers Assn.		
Exhibit in Dallas; innovations shown	April	323
CANS		
(See also Metal Containers)		
Aerosol cans	October	102
Aluminum (see Aluminum)		
Automatic can-making line in Japan	May	82
Beer-can end-coding device; Continental Can Co.	January	54
Beer cans; Anheuser Busch, Inc.	April	155
Bundling in heat-sealable PVC film	June	123
Can opener preferred to key opener; big sweep in coffee	March	126
Coffee packaging in cans with plastics lids to serve as reclosures	October	42
Composite cans	March	144
Considerations in tinplate. Aner N. Laubscher	December	144
Displays at National Packaging Exposition	June	118
Easy-open cans licensed; United Shoe Machinery Corp. to Aluminum Co. of America	November	258
Extra-strong gallon composite can; Sonoco Products Co.	May	56
F&DA clearance for can coatings; FMC Corp., Organic Chemicals Div.	December	60
5-qt. foil-fibre motor-oil cans; R C Can Co.	June	64
High-speed can-closing machine; Angelus Sanitary Can Machine Co.	March	162
High-speed can counter; Honeywell, Inc.	August	56
Improved beer-can tear-tab top; American Can Co.	March	58
Key-opening metal cans for food products; method of attaching keys; British firm	June	80
Magnetic cut can damage; Mead Johnson plant	September	169
Motor oil containers	July	43
"Multipack" system for labeling, Metal Box Co., Ltd.	October	117
New system for making cans; Germany	September	108
New unit controls cans on conveyors; Peco Corp.	July	62
Opening devices	January	41
Passing of the key-opening can	March	44
Polyethylene carrier for cans; R. A. Jones & Co.	April	274
Polyethylene-coated paper for composite cans; Olin Mathieson Chemical Co.	May	58
Polyethylene oil cans; Humble Oil & Refining Co.	June	103
Predicting shipping damage; tests made by J.E. Carman and S.J. Pearce	October	123
Progress of cans in soft-drink industry	April	43
A scramble in cans	April	131
Single- or double-tier end-open can packer; Emhart Mfg. Co. Standard Knapp Div.	February	54
Snuff containers; U.S. Tobacco Co.	September	171
Space for cans in supermarkets; William A. Free, Sr. (Hungerford Packaging Co.)	April	46
Tear-tab beer can	June	41
Tear-tape-opening (Maxwell House) vacuum coffee can; General Foods Corp.	February	98
20-oz. aerosol dome-style can; Continental Can Co.	December	176
Capping machines (see Sealing Equipment and Supplies)		
CARBOYS		
Glass Carboys (see Glass Containers)		
Polyethylene carboys; Owens Plastics Co.	October	170
Care, Inc.		
Self-lock shipper saves 80%	June	133
CARRIER CARTONS		
Carriers to hold soft-drink bottles; Union Carbide Corp.	June	64
Carton erecting and loading machine; National Brewing Co.	February	118
Carton set-up machine; R. A. Pearson Co.	September	245
Carton former; Package Machinery Co.	September	74
CARTONBOARD		
Medium-density bleached-sulphate board; Union Bag - Camp Paper Corp.	September	242
CARTONING EQUIPMENT		
Automatic cartoning machine; Amaco, Inc.	September	78
Barrel loading type	March	110
Carton closing and sealing machine		74
Carton former uses hot melts; Peters Machinery Co.	July	60
Cartoning machine for short runs; Amaco, Inc.	March	162
Cartoning of soup pouches; Thomas J. Lipton, Inc.	September	166
Cartoning systems redesigned; R.A. Jones & Co., Inc.	September	74
High-speed carton-dividing equipment; Hi-Speed Checkweigher Co., Inc.	September	236
High-speed carton-erecting machine; F.N. Burt Co.	July	62
High-speed cartoner with space-saving features; Frazier & Son	October	54
High-speed setting-up and loading of cartons; Diamond National Corp.	April	76
Perforated score lines applied as part of carton-gluing operation; International Paper Box Machine Co.	November	55
Small-carton forming machine; Captive Top Machines, Inc.	October	56
Trends in cartoners shown at Packaging Machinery Show	November	145
Two new cartoning machines	July	60
Versatile cartoner operates at high speeds manufactured by Bivans Corp.; distributed by New Jersey Machine Corp.	May	172
Versatile cartoning machinery; Peco Packaging Equipment Corp.	September	244
CARTONS		
Beautiful but tough; sculptured carton for cosmetics; Avon Products	April	146
A carton for distinction (granular flour from regular flour) Burrus Mills	August	102
Cartons protect chub packages for frosting and cookie mix; General Mills	May	104
Cartons that do not bulge	February	138
A compact cereal carton; General Foods	April	172
Convenience appeal in professional-samples carton; Riker Laboratories	July	103
Curved-crease carton	May	207
Del Monte's 'impregnable' carton; triple-barrier package for dried fruits; California Packing Corp.	July	134
End-loading, top-opening bakery carton; Berles Carton Co.	December	176
Flat-bed printer for corrugated carton; Bell-Mark Corp.	August	60
High-barrier cartons	July	166
Liner-equipped folding cartons	April	306
Motor oil in a carton; Petrofilm, Ltd.	March	98
New carton construction minimizes dangers of sifting, insect infestation; Rossotti Lithograph Corp.	May	54
New quality and economy in coating carton; The Borden Co.	May	98
New unit sets up, fills and seals cartons; Marathon Div., American Can Co.	June	60
Problems of carton sifting	June	158
Production of containers from PE tubing; R.W. Barraclough, Ltd.	April	274
Top-opening ice-cream carton; St. Regis Paper Co.	January	146
Wire handle for corrugated carton, with molded-polyethylene liner; Hedwin Corp.	March	58
Casco Products Corp.		
Plastics, paper and foil blend to dramatize new product (cordless electric toothbrusher)	December	104
Case opener/loader/sealer; Textile Machine Works	September	232
	April	274
Case packaging of cans; Emhart Mfg. Co., Standard Knapp Div.	February	54
CASE PACKERS		
Case packer, Automatic end-loading; H.G. Weber Co., Inc.	September	232
Medium and high-speed case packers; Continental Can Co.	September	235
Casers, milk-carton and others; Anderson Bros. Mfg. Co.	October	58
Casing unit for plastics bottles; Adams Powel Equipment, Ltd.	September	248
Celanese Polymer Co.		
Blown acetate aerosols	June	216
CELLOPHANE		
Aids to film quality testing	April	216
Durable, polymer-coated cellophane; E. I. du Pont de Nemours & Co.	May	58

	Month	Page
In-store meat-wrapping material; Olin Mathieson Chemical Corp.	August	58
Leading film in food packaging	May	43
Measuring residuals in cellophane. Herbert G. Nadeau and Edward Neumann	February	128
Moisture content	April	224
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
New type of polymer-coated cellophane; Olin Methieson Chemical Corp.	April	68
Non-resistant to insect infestation.	October	132
Opaque white; British Sidac Ltd.	October	118
Polymer-coated cellophane	June	121

CELLOPHANE BAGS

Cellophane bags on wickets speed package; Continental Can Co.	April	272
Graphics vs. transparency; two-ply cellophane bag for egg noodles; Megs Macaroni Co.	August	95
Reclosable label for cellophane bags; E.I. du Pont de Nemours & Co.	April	68
Centerfolder machine; Charles Beck Machine Corp.	January	54
"Cents-off" packaging	April	43

CHAIN AND VARIETY STORES

Study to determine process by which new products gain acceptance in chain stores	March	44
Chase Poly-Ply bag	September	193
Checkweighing, New concepts in Donald G. Marshall	September	181
Chemical Specialties Mfrs. Assn. Aerosol competition	January	178
Chevron Plastics Laboratory	September	285
Chicago Printed String Co. Small change, big savings; layer of urethane foam or corrugated flanges of rip-tape spools	January	115
Chun King Corp. Ad is father to the package; carton design for Chinese foods	December	118
Machine packaging of a big plastics tray.	June	100
Ciba Pharmaceutical Co. Window shows the label; openings in stock folding boxes for bottled drugs	February	103

CIGARETTES

FTC on cigarette packs	March	190
FTC order to put a "death" warning on cigarette packages	August	43
New product development; Philip Morris, Inc.	April	46
The Paxton story: now it can be told; Philip Morris	June	93
Plastics cigarette package	September	133
Polystyrene package; Philip Morris Co.	January	41
Polystyrene-sheet package; Philip Morris	May	110
Pop-open cigarette package; American Tobacco Co.	August	92
Regulation in a new light; Editorial Memo.	March	91
Thermoformed polystyrene package	November	108
Upset on cigarettes?; health warning on packages	May	43
Clayton, Anderson & Co. How to achieve foam beauty at 67% less cost	July	118

CLEANING EQUIPMENT

Machine automatically cleans glass containers of foreign matter; McBrady Engineering Co.	February	50
Cleansers (See Soaps and Cleansers)		

CLOCKS

Five cartons for 15 clocks; General Time Corp.	November	150

CLOSING MACHINES

Sealing Equipment and Supplies

CLOSURES

Captive plastics lid on a food jar; Cantrell & Cochrane (England)	June	80
Case closing	November	146
Easy-open closures for beverage bottles	April	137
'Flip-off' bottle crown; National Can Corp.	April	272
High-speed can-closing machine; Angelus Sanitary Can Machine Co.	March	162
Intermediate-skirt bottle crown; Armstrong Cork Co.	March	58
Liners for crown caps	November	261
Liquor bottles; The Fleischmann Distillery Corp.	April	309
Machine applies screw-type closures; Anderson Machine Works; Island Associates, distributor	June	64
Machines apply PE lids to sanitary cans; Pittsburgh Plastics Div., The Heekin Co.	May	56
Modern design for bottle stopper; Austria.	March	86
Moistureproof closures for detergent or bleach packages; Scientific Packaging Corp.	February	96
Molded	November	109
Multi-function closure solves sticky dispensing problem; LePage's, Inc.	August	102
Multiwall-paper-bag closures	August	134
New feeding mechanism for bottle caps; Pneumatic Scale Corp., Ltd.	July	60
Packaging Institute seminar	December	125
PE resin for coffee-can lids; Phillips Petroleum Co.	October	170
PE resin for injection molding closures; U. S. Industrial Chemicals Co.	September	236
Permanent inner retention in bottle cap; Armstrong Cork Co.	October	60
Plastics challenger for crown cap; Scandinavia	April	108
Plastics closure to offset container collapse; Scott Plastics Corp.	February	164
Plastics closures for coffee cans	March	126
Plastics lid, 'brandless look' add value to coffee can; J. A. Folger & Co.	July	102
Plug-inserting and screw-capping line; Designs & Installations, Ltd.	November	58
Polypropylene caps: the Mennen story	May	102
Polypropylene closure for pails and cans; American Flange & Mfg. Co., Inc.	September	238
Polypropylene in closures. Richard J. Pecha	January	124
Polypropylene coffee-can lids; Gilbert Plastics	September	245
Polypropylene linerless seal closures to glass bottles (Table)	January	129
Polystyrene coffee-can lid and feeding device; Standard Bag Co.	February	54
Pump-spray closure; Lanvin-Parfumes, Inc.	February	116
Self-adjusting twist tyer; Plas-Ties Corp.	April	76
Simplified closure on baler bag; Olin Mathieson Chemical Corp.	July	192
Spin-welding technique for applying lids to plastics bottles; Continental Can Co., Plastic Container Div.	January	50
Tear-off can lids	June	41
Thermoplastics closures	November	109, 110
Tight seal in plastics lids; American Can Co., Dixie Cup Div.	December	176
Tinplate lid for polyethylene oil can; Humble Oil & Refining Co.	June	103
Top closer for cartons; Hamilton Machine Co.	February	162
Torque retention for various materials	January	126
Two cappers, a crimper; Consolidated Packaging Machinery Corp.	September	76
Two-part closure speeds filling; Schick, Inc.	December	121
Two-part plastics sealing closure protects bottled olives; Strohmeyer & Arpe Co. (importers)	October	99
Two-piece paper lids for nested waxed food cups; American Seal-Kap Corp.	September	236
Two-piece plastics tube closure allows for one-hand operation; H. G. Sanders & Son	January	52

CLOTHING

When packaging breaks with tradition; shirts in boxes with see-through acetate covers; Glo-Weave, Pty. (Australia).	April	108

COATING EQUIPMENT AND MACHINERY

New hot-melt-applying equipment; Frank W. Egan & Co.	April	70
Portable collator/roll coater; Admec Co.	September	240
Coatings	June	129
Black polyethylene coatings for cosmetics cartons; Avon Products	April	146
Dairy cartonboard and frozen-food cartons	November	112
Definition of 'hot melts.'	July	166
F&DA clearance for can coatings; FMC Corp., Organic Chemicals Div.	December	60
Glossy coating for paperboard; American Can Co.	December	64
Film-priming process; Radiation Research Corp.	February	41
Heat-sealing coating for polypropylene; Interchemical Corp.	April	72
Hot-melt coatings that strengthen board; Republic Container Corp.	April	72
Improved wax-plastics coatings; Atlantic Refining Co.	July	192
Laminated and coating structures	November	172
Low-density polyethylene extrusion-coating compound; Union Carbide Corp.	June	188
Measuring drying time; H. K. Price	September	196
Microplates for use in packaging; Minnesota Mining & Mfg. Co.	February	58
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
New glow-coating method; Radiation Research Corp.	February	195
New medium-density PE for coating; U.S. Industrial Chemicals	December	60
New quality and economy in coated cartons; The Borden Co.	May	98
New wax-copolymer blend coats blanks; Mobil Oil Co.	April	272
Nylon coatings; a new technique; Alexander B. Beal	March	140
Nylon-polythylene	March	141
Plastics coatings	November	258
	January	108
Polyethylene-coated paper for composite cans; Olin Machieson Chemical Co.	May	58
Polyethylene extrusion coating resin for food-packaging substrates; Monsanto Chemical Co.	June	62
Polyethylene surface on paper motor-oil can; Jackson Oil Products Co.	May	95
PVDC-coated packaging papers; Jacques Schlinder & Sco.	September	236
Saran emulsion coatings	December	42
Seal strength in coated bags	June	158
A stride forward for coatings	June	121
Strippable protective coating; Thermo-Cote, Inc.	August	60
Stripped coating for product protection; The Stanley Works	November	58
Study on future role of coatings in packaging applications	December	42
Two coatings for glass containers; Continental Can Co.	July	62
Wax coatings; seminar sponsored by American Petroleum Institute	August	176
Cocktail ingredients, carton for; Wonder Bar Products.	October	99

	Month	Page
COFFEE		
The big sweep in coffee; can opener preferred to key opener; polyethylene cap for reclosure	March	126
Packaging in cans with plastics lids to serve as reclosure	October	42
Plastics lid, 'brandless look' add value to coffee cans; J. A. Folger & Co.	July	102
PE resin for coffee-can lids; Phillips Petroleum Co.	October	170
Polypropylene coffee-can lids; Gilbert Plastics.	September	245
Tear-off can lids	June	41
Tear-tape-opening (Maxwell House) vacuum coffee can; General Foods Corp.	February	98
Two-way coffee packager; Switzerland	October	78
Cohesive aspects of wax laminations	May	141
Coin operated machines (see Vending Machines)		
Colgate-Palmolive Co.		
E-flute corrugated material in a giant job	April	152
Integrated packeting/pouching/cartoning for powdered bleach	December	99
Liquid bubble bath product ('Soakys')	December	116
COLOR		
Color key to sales of canned food; Stokely-Van Camp, Inc.	January	88
Colored kraft papers; Albemarle Paper Mfg. Co.	January	54
Colored packaging papers custom produced for small packagers; Boise Cascade Corp.	January	52
Protective pigmentation	November	163
Visual unity through color; Sears, Roebuck & Company	May	92
Columbia Industries, Inc.		
Foam scores $8,500 strike	August	123
COMPETITIONS		
Practical approach to competitions; France	October	78
Compressing filled bags, unit for; Lewis & Clinch, Inc.	November	60
Compression and feeder unit machines; American Viscose Corp. Industrial Packaging Dept.	September	248
Computer control of warehouse operations; Kitchens of Sara Lee	October	208
Confectionery (see Candy and Confectionery)		
Consolidated Models, Inc.		
Flexible mechanization blister packaging	April	188
Consumer packaged merchandise	March	44
Consumer packaging	December	128
Consumer Products conference session at Packaging Show	June	130
Container Corp. of America		
Milk by the bag.	April	46
New carton plant	January	164
Container indexing line; B. F. Gump Co.	September	78
Container shipments up	October	195
CONTAINERS		
Accumulating table for containers; MRM Co.	September	236
Container volume up.	June	230
Contents-data standards	February	195
Ideas from four nations	June	78
New look in containers	September	274
What next for plastics?	November	107
Contents statement on a package	March	101
	April	306
Continental Aviation & Engineering Corp.		
Foam-in-place engine cradle	October	115
Continental Can Co.		
Acquisition of Hazel-Atlas Can Co.	August	202
CONTRACT PACKAGING		
Directory of Contract Packagers and Their Facilities; Packaging Institute	June	196
CONTROLS		
Improved runway flow controls; De-Tronic Corp.	October	56
CONVENIENCE PACKAGING		
Aerosol with applicator for upholstery cleaner; Glamorene, Inc.	November	123
Canned baby formula with pre-applied sterilized nipple; Pet Milk	December	39
Green Giant boil-in-bags	November	132
Resealable bread labels	May	118
Package planning of consumer products	February	44
Pitcher package for syrup; General Foods.	January	87
The watchword: convenience; six examples	August	91
Conveyors and fillers; Stuyvestant Engineering Corp.	September	240
Corning Glass Works		
Foam inserts save up to 8%.	February	112
CORROSION		
Low-cost rust prevention; Hoeganaes Sponge Iron Corp.	November	113
Of checkweighing equipment	September	18
Short-term inhibitor papers; Ludlow Corp.	December	62
CORRUGATED CONTAINERS		
(See also Shipping Containers)		
Case opener/loader/sealer for high-speed packaging of corrugated cases; Textile Machine Works	September	232
Corrugated box for fruits, vegetables; Continental Can Co.	May	56
E-flute corrugated material in a giant job; Colgate-Palmolive Co.	April	152
Full-panel art adds sales dazzle to corrugated carton; Miller Brewing Co.	September	141
Increase in dollar volume of shipments	April	306
Packaging Institute seminar	December	125
Poultry packaging	October	39
Shrink films threated corrugated cartons	August	43
Stapler for closing corrugated containers; Container Stapling Corp.	June	62
Unit assembles corrugated-box partitions; Systems Engineering Co.	November	58
Versatile corrugated sleeve for sets of 12 steel plant props; Goulard & Olena, Inc.	March	125
Cosmetic Laboratories, Inc.		
Automatic labeling for small items	January	99
Fluted paperboard tray insert cuts box costs by 25%	December	120
COSMETICS AND TOILETRIES		
Aerosol shampoo container; Helene Curtis, Ltd.	September	110
Aerosol travel pack for shave-cream.	March	44
After-shave lotions.	January	128
Automatic labeling for small items; Cosmetic Laboratories, Inc.	January	99
Beautiful but tough; sculptured carton for cosmetics; Avon Products	April	146
'Brandless' carton adds gift appeal to Gillette item (after-shave lotion).	January	92
Cologne and perfume packaged in blown acetal aerosols	July	128
Deal packaging; John H. Breck, Inc.	December	93
Economical all-polypropylene aerosol bottle for cologne and perfume; Helena Rubinstein, Ltd.	April	150
Faster labeling, lower cost; Studio Cosmetics Co.	July	119
Glass containers; England	October	78
New appeal in brandless beauty; cartons for facial tissues; Crown Zellerbach Corp.	July	142
Now: ultrasonics in use; shampoo package; Avon Products, Inc.	September	136
Perfume in polypropylene aerosols; Helena Rubinstein, Ltd.	March	86
Plastics-and-paper gift package exudes Oriental charm; Rexall Drug Co.	July	102
Plastics bottle is a 100% dispenser; Metal Box Co. (London)	March	86
Plastics coatings on cosmetics containers	April	137
Plastics-film blister machine suggested for packaging of cosmetics; Giacomini Industria Chimica	October	56
Plastic jar sans air space for Elizabeth Arden's creams	January	90
Polyethylene containers for baby powder and lotion; Johnson & Johnson	October	98
Polypropylene aerosol bottle for perfume and cologne mist; Helena Rubinstein	April	139
Polypropylene caps: the Mennen story	May	102
Polypropylene low-pressure spray bottles for perfume and cologne; Helena Rubinstein	May	110
Pre-pricing; elimination by Procter & Gamble.	October	39
Prize-winning window carton cuts costs 40%; Forty-Two Products, Ltd.	April	198
Pump-spray closure; Lanvin-Parfumes, Inc.	February	116
Textured paperboard carton for liquid night cream; Elizabeth Arden	April	143
Three plastics in a dispenser for hand cream	June	80
A universal metering aerosol valve; used for fluid make-up; Frances Denney	February	95
Versatile cosmetics labeling of lipstick cases; Westmore Cosmetics Co.	May	112
COSTS		
A bonus of economy; stapling machines to close packages of electronic instruments; Tektronic, Inc.	September	168
Buy, build or combine? "Home-grown" meat packaging system; Peter Eckrich & Sons	January	112
Candy labeler: less labor; See's Candy of California	April	199
Contoured foam-sheet cushion eliminates shipping damage to movie-projector lamps; Westinghouse Electric's Lamp Division.	April	199
Corrugated storeage-shipper box shaves military expenses; United States Army's Natick Laboratories	April	198
Cost cutting by installing a dust collector; Vitamin Council, Inc.	June	133
Cost-saving random sealer; Westinghouse Electric Corp.	December	121
Faster labeling, lower cost; Studio Cosmetics Co.	July	119
Fluted paperboard tray insert cuts box costs by 25%; Cosmetic Laboratories, Inc.	December	120
Foam inserts save up to 8%; Corning Glass Works	February	112
Foam slashes shipping costs of liquid latex; The Dow Chemical Co.	March	124
A force for efficiency; automatic two-tube pressure-filling packer; low operating and maintenance costs; Montana Flour Mills	March	124
In-line marking machines eliminate hand operation; Keebler Supreme Bakery, Div. of United Biscuit Co. of America	February	112
In-plant printer trims inventory; Minnesota Paints, Inc.	May	123
Low-cost shipping protection for electronic instruments; Texas Instruments, Inc.	June	132
New fitment speeds filling, pares production costs; Schick, Inc.	December	121
Miniature vacuum-formed laminated-plastics pallet replacing former unsupported polystyrene unit; saving packaging-materials and labor costs; Micro-Switch Div. of Honeywell, Inc.	May	122
Overwrapping boosts speeds and cuts costs; Lion Packing Co.	June	132
Polyethylene foam for shipping; Dow Chemical Co.	December	120

	Month	Page
Prize-winning window carton cuts costs 40%; Forty-Two Products, Ltd.	April	198
Second look saves money; shipping carton for water coolers; Ebco Manufacturing Co.	March	125
Self-lock shipper saves 80%; Medical Div. of Care, Inc.	June	132
Unit bagging cuts bulk cost; National Biological Supply Co.	August	122
Versatile corrugated sleeve for sets of 12 steel plant props cuts packaging costs 25%; Goulard & Olena, Inc.	March	125
COUNTING MACHINES AND DEVICES		
Accurate weigher/counter for in-line use; Exactron, Inc.	June	188
Counting product items	May	144
High-speed can counter; Honeywell, Inc.	August	56
New electronic counting and cartoning; Delta Engineering Corp.	April	74
Short-run counter/filler; Sandoz Pharmaceutical	October	96
Transistorized counter; Standard Instrument Corp.	April	68
Versatile unit counts, packages small items; Delta Engineering Corp.	May	172
Versatility in high-speed parts counting and pouching; Eaton Mfg. Co. (Dill Div.)	July	104, 106
Creativity in packaging	June	125
Crown Zellerbach Corp.		
New appeal in brandless beauty; cartons for facial tissues	July	142
CUSHIONING MATERIALS		
Air-bubble cushioning; U. S. Gauge	September	138
Plastics foam for packaging statue sent from Vatican to World's Fair	June	44
Cybernetics: new tool for packagers	July	91
D		
DAIRY EQUIPMENT AND SUPPLIES		
Clear glass protects liquid milk formula in shelf storage; Mead Johnson	June	105
Detinning in milk cans	December	148
Disposable milk container (polyethylene)	November	111
Metallic inks for printing on plastics packages for dairy products; Dow Chemical Co.	February	58
Milk by the bag; Container Corp. of America	April	46
Milk containers; plastics	July	43
Milk in gallon plastics jugs	March	41
Milk in plastics has arrived	July	120
Milk in pouch package; Switzerland	June	80
Milk packaging without refrigeration	December	39
New units for ice cream, other dairy products; Anderson Bros. Mfg. Co.	April	72
Plastics containers for cottage cheese; Dow Chemical Co.	December	176
Plastics packaging in France	January	74
Polyethylene bottles	November	41
Reseal pouch for shredded cheese; Armour Creameries	April	200
Sprightly symbols identify dairy products; National Dairy Products Corp., Sealtest Foods Div.	November	124
Unit applies cover sheets on milk cases; Auto-Case Machinery Co., Inc.	December	64
World milk breakdown; survey by French publication	September	110
DAIRY PRODUCTS		
Milk by the bag; Container Corp. of America	April	46
New quality and economy in coated carton; The Borden Co.	May	98
Packaging of milk in plastics containers	July	46
DECEPTIVE PACKAGING		
F&DA seizure of "deceptive" packages	January	97
For FTC, a bigger stick	January	98
Ruling of California Attorney General re packaging of sardines	April	43
DECORATIVE PACKAGING		
Decoration of closures	January	128
Electrostatic printing	April	136
For older materials, new values	June	122
Opportunities in decoration	May	109
Silk screen decorating machine; American Production Machine Co.	October	56
Demakes, E. & Co., Inc.		
33⅓ savings in polypropylene shrink packaging of franks	November	130
Denney, Frances		
A universal metering aerosol valve used for fluid make-up	February	94
DENTAL EQUIPMENT AND SUPPLIES		
Leakage, costs cut; propionate container for dental stain-removal powder; Mark Allen Co.	May	123
Value of container for dentifrices in 1963	May	188
DEODORIZING EQUIPMENT		
Plastics ball for deodorant applicators; Orange Products, Inc.	January	54
DePree Co.		
Cellophane bundling eliminates 25 box sizes for drugs	November	151
DESIGN		
AMA design session	June	130
A breakthrough in design; collapsible carry-home pack for dress goods; Ireland	February	84
Beautiful but tough; sculptured carton for cosmetics; Avon Products	April	146
Carton design for Chinese foods; Chun King Corp.	December	118
Cigarette package; Philip Morris	June	97
Cohesive design repairs a splintered company image; Von's Grocery Co.	February	98
Container for support hosiery; Bauer & Black.	October	106
Decoration of closures	January	128
Deodorant bottle in Manhattan motif; England	October	78
Design decisions by machine? Frederic Sicher	April	162
Designers are restless; opinions of designers and marketing men at dinner sponsored by Package Designers Council and Marketing Executives Club; ed. memo.	June	91
Fifth collegiate packaging competition; St. Regis Paper Co.	August	175
Full-panel art adds sale dazzle to corrugated carton; Miller Brewing Co.	September	141
Label for line of art products; Krylon, Inc.	May	43
Letter of the law becomes a graphic design element for canned foods; H. C. Brill, Inc.	August	103
Low-cost upgrading; precision watches for children; Elgin National Watch Co.	April	204
Machinery to handle new packaging materials	September	149
Making the most of a change; redesigned labeling for motor oil cans; Kendall Refining Co.	March	111
Modern design for bottle stopper; Austria	March	86
Month-long show in Moscow: "The Role of the Designer in Industry."	May	82
Multi-purpose product, one container acts as two; The Woodhill Chemical Co.	September	143
New appeal in brandless beauty; cartons for facial tissues; Crown Zellerbach Corp.	July	142
New quality and economy in coated carton; The Borden Co.	May	98
Non-commercial look comes to the pet product field; veterinary nutritional tablets in ceramic clay-fired jar; Upjohn Co.	February	99
Package for vending machine sale by Austin Biscuit Corp.; Royal Dadmun & Associates	January	93
Packages for supermarket acceptance	January	41
Packaging design at General Electric	October	193
Pictorials for whiskey; Calvert Distilling Co.	March	122
Plastics bottle	November	162
Private-label program; J. J. Newberry Co.	November	154
Repackaging 200,000 products; Sears, Roebuck & Company	May	91
Role of package design in motivating sales	December	127
Sprightly symbols identify dairy products; National Dairy Products Corp., Sealtest Foods Div.	November	124
Students earn as they learn; Package Design Associates (England)	December	86
Vending potential dictates package design; England	February	84
A world of opportunity in design	May	107
Detergents (see Soaps and Cleansers)		
Dia-Mel Diet Control Sales, Inc.		
New look in sampling; dietetic salad dressings	May	124
Discount stores in West Germany	April	106
DISPENSERS		
Bulk dispensers in the home	April	43
Convertible display/dispenser for cough and cold tablets; American Laboratories	April	149
Dispenser-type package for band-aids; Johnson & Johnson	August	92
Film dispenser; The Trescott Co.	September	74
Heavy-duty gummed-tape dispenser; Minnesota Mining & Mfg. Co.	April	68
Liquid dispensers made of polypropylene; F. Calmar, Inc.	May	58
Plastics dispenser for tablets; Dyn Corp.	December	178
Polyethylene container with dispenser tube; Reliance Products, Ltd.	February	56
Pump-spray closure; Lanvin Parfumes, Inc.	February	116
Three plastics in a dispenser for hand cream	June	80
Valve dispenser for glass or PE bottles; Henlopen Mfg. Co.	June	64
DISPLAYS		
Floor mop in frame carton; Drackett Co.	March	105
Vertical design eases display squeeze for chocolate bars; Switzerland	April	108
Dittmore Freimuth Corp.		
Electronic components suspended in fibreboard	January	110
DOG FOOD		
Speak! - a prize-winning product of systems engineering; General Mills	March	106
Dow Chemical Co., The		
Foam slashes shipping costs of liquid latex	March	124
"Handi-Wrap" sandwich bags	August	91
Polyethylene foam for shipping.	December	120
Drackett Co.		
Floor mop in frame carton	March	105
DRUGS AND CHEMICALS		
Automatic filling of miniatures; Alcon Laboratories, Inc.	May	97
Cellophane bundling eliminates 25 box sizes; DePree Co.	November	151
Color for containers	November	166
Convenience appeal in professional-samples carton; Riker Laboratories	July	103
Labeling requirements	January	97, 98
New role for plastics in drugs	January	100
Packaging Institute seminar	December	126
Packaging of samples mailed to physicians; study conducted by Professional Market Research	October	42
Pharmaceutical tablets; packaging in plastics bottles; Bemis Bro. Co.	June	60

	Month	Page
Plastic-film blister machine suggested for packaging of pharmaceuticals; Giacomini Industria Chimica s.r.l.	October	56
Plastics - bottle 'pocket' holds leaflet; Switzerland	June	80
Short-run counter/filler; Sandoz Pharmaceutical	October	96
Test data vs. market conditions	October	136
Window shows the label; openings in stock folding boxes for bottled drugs; Ciba Pharmaceutical Co.	February	103
Drugstore market	August	46
DRUMS, METAL AND PLASTICS		
Blow-molded nylon drums; England	September	110
Bulk shipments spur savings; Sun Oil Co.	February	113
Filler for large drums; Arenco Alite, Ltd.	October	166
Polyethylene drum insert for use with fibre outer packs; Haveg Industries, Inc.	December	64
Shipments of steel drums	May	188
Static-free drum liners; Custom Materials, Inc.	September	248
Steel drums	December	128
DRY PRODUCTS		
New efficiency in dry net weighing of powdered detergents; Lever Bros. Co.	February	100
duPont de Nemours, E. I. & Co.		
Food-aerosol propellant	December	137
DUST COLLECTING		
Dispersing a dust cloud; packaging of aspirin and other tablets; Vitamin Council, Inc.	June	133
Dymo Industries		
Skin-and-blister techniques in self-selection card	July	103
E		
Eagle-Picher Co.		
Extensible-paper shipping bags trim breakage by 25%.	July	118
Eaton Mfg. Co. (Dill Div.)		
Versatility in high-speed parts counting and pouching	July	104
Ebco Manufacturing Co.		
Second look saves money; shipping carton for water coolers	March	125
Eckrich, Peter & Sons		
Buy, build or combine? "Home-grown" meat packaging systems	January	112
Eggs. See Food Packaging		
Elanco Products Co.		
Dispenser/spreader for plant food	August	94
ELECTRIC APPARATUS AND APPLIANCES		
GE pulls a switch on a successful lamp-packaging idea; container for floodlight-and-holder kit.	May	105
R & D at General Electric	October	85
Tear-strip shipper; key to new bulb sales; Sylvania Electric Products	September	142
ELECTRIC SUPPLIES		
Bulbs in blisters; General Electric Co.	October	100
Electrical standards conference	April	299
Electronic data processing systems	July	91
ELECTRONIC EQUIPMENT AND SUPPLIES		
A bonus of economy; stapling machines to close packages of electronic instruments; Tektronic, Inc.	September	168
Electronic components suspended in fibreboard; Dittmore Freimuth Corp.	January	110
Electronic computer use by General Stores Corp.	November	44
Electronic controls for packaging machines; discussion	September	151
New electronic counting and cartoning; Delta Engineering Corp.	April	74
Triumph for foam; shipping protection for electronic instruments; Texas Instruments, Inc.	June	132
ELECTROSTATIC PRINTING	May	109
Advances	August	196
High-speed electrostatic two-color printing of molded pulp egg cartons; Electrostatic Printing Co. of America	May	54
Package-decoration	April	136
Packaging use	March	44
Rights of American Can Co.	February	44
Elgin National Watch Co., Bradley Time Div.		
Low-cost upgrading; precision watches for children	April	204
EMBOSSING EQUIPMENT		
Economy in rotary embossing; Eastern Engraving & Machine Co.	April	70
ENGINEERING		
Breakthrough for polypropylene; Johnson & Johnson	September	167
Bulbs in blisters; General Electric Co.	October	100
Buy, build or combine? "Home-grown" meat packaging system; Peter Eckrich & Sons	January	112
Carton erecting and loading machine; National Brewing Co.	February	118
Effects of shrink on film properties; C. F. Balazs	June	151
Engineered corrugated; packaging rotary mowers; General Appliance Mfg. Co.	October	114
Engineered shipper saves 15%; Firestone Steel Products Co.	June	108
Engineering overwrapping of cartons in PVC film; Visual Art Industries.	November	128
Engineering the plastics bottle, E.J. Temple	November	162
Fast line for ultralight bottles; C. B. Fleet Co.	August	104
Heat-sealing machinery	February	92
In-plant gravure imprinting of film; Western Playing Card Co.	November	114
Integrated packeting/pouching/cartoning for powdered bleach, Colgate-Palmolive Co.	December	99
Machine automatically cleans glass containers of foreign matter; McBrady Engineering Co.	February	50
Magnetics cut can damage; Mead Johnson	September	169
Milestone in jar filling; Armour & Co.	September	154
Motor oil in a carton; Petrofinn, Ltd.	March	98
New concepts in checkweighing. Donald G. Marshall	September	181
New concepts in ultrasonics; Howard Deans	August	129
New efficiency in dry net weighing of powdered detergents; Lever Bros. Co.	February	100
New Jetting technique on bottle washer; Thomas Hill Engineering Co.	January	54
Now: ultrasonics in use; Avon Products, Inc.	September	136
Operating with plastics bottles; Edward D. Wilcox, Jr.	November	157
A packager's engineering triumph; snuff packaging; U.S. Tobacco Co.	September	170
Packaging techniques and special types of equipment engineered for pre-assembly of three-piece plastics fitments	August	106
The Paxton story: now it can be told; Philip Morris	June	93
Polypropylene in closures. Richard J. Pecha	January	124
Pouch that acts like a carton; American Home Foods	September	134
R & D at General Electric	October	85
Revamping program of Anheuser-Busch, Inc. canned beer	April	155
Sensing device uses reflected light; Nebetco Engineering	February	162
16-foot tear-tape for corrugated sleeve package; Armstrong Cork Co.	November	119
Speak! - a prize-winning product of systems engineering; General Mills	March	106
Systems engineering	September	127, 128
Task force for packaging; John H. Breck	December	93
Tripled speed for pouch packaging; Thomas J. Lipton, Inc.	September	162
Ultrasonic sealing equipment	June	123
Ultrasonic sealing technique; Branson Sonic Power	February	56
Ultrasonics applied to multiwalls; Escambia Chemical Co.	July	98
Unwind stand with constant tension; Stanford Engineering Co.	September	245
Use of foam-in-place urethane in packaging turbine engines; Continental Aviation & Engineering Corp.	October	116
Versatility in high-speed parts counting and pouching; Eaton Mfg. Co. (Dill Div.)	July	104
England		
Futures - and faults - in film packaging	May	82
ENVELOPES, PACKETS, POUCHES		
Cough and cold tablets in tuck-in film pouch inside paperboard cover, American Laboratories	April	149
Form-fill-seal system puts motor oil in PVC pouches; Atlantic Refining Co.	August	54
Glassine, rigid pouch; Crown Zellerbach Corp.	September	76
Hang tab for paperboard hosiery envelopes; Lassiter Sales, Riegel Paper Corp.	November	62
Milk in pouch package; Switzerland	June	80
New valved film pouch for powdered hair-care product; Vita-Care Corp.	July	132
Pouch-in-carton for motor oil; Petrofilm, Ltd.	March	98
Reseal pouch for shredded cheese; Armour Creameries	April	200
Systematized filling, vacuum sealing and cartoning of 'cook-in pouches;' American Can Co.	July	58
Water-soluble pouches for laundry and house-cleaning materials	December	108
Water-soluble pouches for unit-packaged materials in laundry and household-cleaning fields	December	108
Escambia Chemical Co.		
Ultrasonics applied to multiwalls	July	98
Europe		
Plastics packaging on the march in Europe	January	74
European Common Market	June	130
European Free Trade Assn.		
Bottle standards for beer and other beverages.	May	82
European packaging explosion coming?	November	90
Eutetic Welding Alloys Corp.		
Extra-value container; bellows-bottom polyethylene container for welding-alloy powders	April	151
EXHIBITIONS		
Europe.	July	80
International Packaging Exhibition, Olympia Hall, London	October	116
International Plastics Fair (Kunstoffe), Dusseldorf, Germany	January	160
Machinery Show (Packaging Machinery Mfrs. Institute).	September	160
Packaging news from Macropak (Amsterdam)	June	106
Packaging shows in Italy and Spain	August	124
Scandinavia's first packaging show	June	80
Western Packaging Exposition, Los Angeles	July	136
Export-packaging information center planned for New Delhi (India)	April	108
EXPORTS		
German market	April	106
Multi-ply corrugated, multiplied savings; shipment of medical instruments overseas; Air-Shields, Inc.	May	126
Packaging materials and machinery in West Germany	February	82
EXTRUDERS		
Hot-melt extruder introduced; Possis Machine Corp.	August	58

	Month	Page
EXTRUSION		
Extrusion coating with nylon	March	140
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
Polyethylene extrusion coating resin for food-packaging substrates; Monsanto Chemical Co.	June	62

F

FABRICS		
A breakthrough in design; collapsible carry-home pack for dress goods; Ireland	February	84
FASTENERS—INDUSTRIAL		
Fastener for hanging packages; American Tag Co.	November	214
Federal Trade Commission. See United States		
Fender-Ful, Inc.		
Re-use at point of use; polyethylene bottle for liquid boat-bilge cleaning product, when empty, serves as fender to protect painted surfaces	September	140
FERTILIZERS		
Packaging in plastics bags	February	92
Ultrasonics applied to multiwalls; Escambia Chemical Co.	July	98
Fibre-box industry		
Growth in 1963	May	188
FIBRE CONTAINERS		
1964 fibre box award winners	May	202
Shipments of fibre cans and tubes	May	188
FILLING MACHINERY AND EQUIPMENT		
Aerosol filler; The Kartridge Pak Co.	October	54
'All-in-one' aerosol filler from abroad utilizes revolving table; Druk Pak, Inc.	February	50
Automatic equipment fills multiwalls at high speeds; West Virginia Pulp & Paper Co.	December	56
Automatic filling of miniatures; polyethylene vials of sterile liquid drugs; Alcon Laboratories, Inc.	May	97
Automatic polyethylene bagger; National Equipment Corp.	September	232
Barrel and drum filler; Karl Kiefer Machine Co.	September	78
A borrowed 'new look;' container and packaging technique for tomato-juice cocktail; Arnold Bakers, Inc.	January	116
Continuous-motion rotary filler for powdered detergents; Lever Bros. Co.	February	100
Conveyors and fillers; Stuyvesant Engineering Corp.	September	240
Filler for large drums; Arenco Alite, Ltd.	October	166
Filler for odd-shaped plastics containers; Popper & Sons, Inc.	September	78
Gravity fillers for liquids; Pfaudler Co.	August	160
Higher-speed propellant filling; Swiss firm	February	84
Inflammable-liquid filling machine; National Instrument Co.	May	56
Machine for film-bag filling; Automatic Packaging Corp.	May	58
Milestone in jar filling; Armour & Co.	September	154
New aerosol metered-valve construction simplifies filling; VCA, Inc.	December	56
New automatic filling line; B. F. Gump Co.	April	68
Operating with plastics bottles	November	161
Plastics bottle; filler considerations	November	162, 166
Pouch filler for frozen foods; Circle Design & Mfg. Corp.	August	56
Sharper fill control	November	142
Short-run counter/filler; Sandoz Pharmaceutical	October	96
Tube filler, automatic carton infeed; Arenco Machine Co.	September	78
Tube filling through the closure; Wintite Products, Ltd.	May	100
Super-accurate powder filler; England	November	90
Viscous-and-foaming-liquid filler; Chase-Logeman Corp.	September	232
Films and foils; New goals ahead for	March	187
FILMS FOR PACKAGING		
Calculating printed-film yield. Philip Prince and Keith Lindsay	November	168
Film takes on new life	April	141
New film for meats and poultry; Goodyear Tire & Rubber Co.	April	68
New tri-laminate film; Gordon P. Hungerford	July	158
Practicality in films	June	120
Firestone Steel Products Co.		
Engineered shipper saves 15%	June	108
FISH		
Lower costs, less damage; polyethylene replacing cellophane for fish wrapping; Columbia Packers, Ltd.	November	151
Polyethylene fish crates in West Germany	June	78
Tear-open aluminum can for sardines needs no key; American Can Co.	July	59
Fleet Co., C. B.		
Fast line for ultralight bottles	August	104
Fleischmann Distilling Corp., The		
Payoff in a new plant	April	192
FLEXIBLE PACKAGING		
Awards for flexible packaging; National Flexible Packaging Assn.	July	107
Dehydrates in flexible packages	December	152
Packaging Institute seminar	December	126
FLORISTS' SUPPLIES		
Corrugated: a magic carpet to national distribution of florist items; Kenco	June	104
FOAM		
Foam-molding equipment and procedure	June	128
Foam slashes shipping costs of liquid latex; The Dow Chemical Co.	March	124
Packaging for small parts	March	150
Foam, Plastics (see Plastics)		
FOIL		
Air forming of aluminum foil. R. C. Reed and R. J. Zoeller	September	186
Aluminum-foil containers for bakery use; Revere Copper & Brass, Inc.	December	64
Aluminum foil packaging in 1963	May	185
Aluminum; price increases	August	196
Automatic foil wrapping of chocolate eggs; England	February	84
Cutting problem in steel foil	June	44
Heat-sealing PE-coated foil	January	132
Rising prices of aluminum foil	June	44
Six-compartment foil tray for foods; Anaconda Aluminum Co.	January	54
Tin-coated steel foil; United States Steel	May	55
Tinplate foil	December	208
Tinplate foil used as corrugation in boxes; Continental Can Co.	August	56
Foils and films; New goals ahead for,	March	87
FOLDING BOXES AND DISPLAY CARTONS		
Folding boxes set the pace among European nations	April	106
Folding-carton shipments in 1963	May	188
New device to fold collapsible boxes; Ex-Cell-O Corp.	March	58
Textured paperboard carton for liquid night cream; Elizabeth Arden	April	143
Window shows the label; openings in stock folding boxes for bottled drugs; Ciba Pharmaceutical Co.	February	103
Folding-container packaging line; Schroeder Machines Corp.	September	76
FOLDING MACHINES		
High-speed folding machine; Systems Engineering Co.	October	166
Folding Paper Box Assn.		
13 folding box winners	April	174
Folger, J. A. & Co.		
Plastics lid, 'brandless look' add value to coffee can	July	102
FOOD ADDITIVES AMENDMENT TO FOOD & DRUG LAW		
ASTM extraction test method to meet requirements of Food Additives Law. Charles M. Rosser	December	131
Petroleum waxes	August	182
Food & Drug Administration (see United States)		
Food consumption; grocery store sales	January	44
FOOD CONTAINERS		
Throw-away plates, trays, dishes, etc. made from polystyrene-foam sheets; converter near Heidelberg	September	108
FOOD PACKAGING		
Ad is father to the package; carton design for Chinese foods; Chun King Corp.	December	118
Aerosol containers	April	142
Air-formed aluminum foil; use in food plants	September	186
Automatic egg grading and packaging; Holland	September	108
Baby food in jars; piston filler; Armour & Co.	September	154
Blow-molded containers (polyethylene and polystyrene)	November	110
Boilable bags of plastics netting designed as food containers; Nalle Plastics, Inc.	March	58
Boil-in bag frozen foods	March	141
Boil-in-bags frozen vegetables; Green Giant Co.	November	132
Botulism	January	98
Captive plastics lid on a food jar; Cantrell & Cochrane (England)	June	80
A carton for distinction (granular flour from regular flour); Burrus Mills	August	102
Cartoning of soup pouches; Thomas J. Lipton	September	166
Cartons protect chub packages for frosting and cookie mix; General Mills	May	104
Cellophane; leading film in food packaging	May	43
Compact cereal carton; General Foods	April	172
Corn-meal mix	December	109
Edible packaging films	May	43
Egg carton	June	122
Egg-carton forming equipment; Mead Corp.	April	70
Faster, safer handling for macaroni; West Germany	June	78
Flexible film; England	May	82
Flush-fill pint paper containers; Continental Can Co.	January	146
Free-piston aerosols for food; Richmond Aerosols, Ltd.	October	60
Freeze-dried berries in foil-wrapped cereal box; General Foods' Post Div.	December	39, 104
Ganging up for economy; foil labels printed by rotogravure	July	148
Gourmet foods, glass containers; England	October	78
"Handi-Wrap" sandwich bags; Dow Chemical Co.	August	91
Heat-processed foods	April	134
High-speed electrostatic two-color printing of molded pulp egg cartons; Electrostatic Printing Co. of America	May	54
How to achieve foam beauty at 67% less cost; Anderson Clayton & Co.	July	118
Key-opening metal cans	June	80
Magnetics cut can damage; Mead Johnson	September	169
Margarine pack; Holland	September	108
Measuring food migrants; Frederick W. Adams	March	133
Metal packages for foods designed for microwave cooking	June	128
Microwave process for food preservation; Cryodry Corp.	October	39

	Month	Page
New data on insect infestation; Herbert E. Collins	October	132
New food-aerosol propellant; F. A. Bower, J. H. Fassnacht and G. J. Roewe	December	137, 141
New heat process opens way to advanced food packaging; Swift & Co. (Chicago) and Trenton Foods, Inc. (Kansas City)	April	296
New line of plastics food containers; Conex Div. of Illinois Tool Works, Inc.	June	62
New look in samples; dietetic salad dressings; Dia-Mel Diet Control Sales, Inc.	May	124
New-product explosion	January	44
Nylon; use in food packaging	November	111
Packaging and Processing of Foods in Flexible Pouches; book published by MRD Div. of General American Transportation Corp.	October	180
Packaging Institute seminar	December	127
Pictorial egg cartons; Riegel Paper Corp.	October	172
Plastics lid for eggs	August	43
Plastics packs sealed with metal lids for food products; Germany	December	86
Polyethylene extrusion coating resin for food-packaging substrates; Monsanto Chemical Co.	June	62
Pouch that acts like a carton; American Home Foods	September	134
Pre-packaged foods: a consumer critique (Germany)	December	86
Private-mold jar for desert toppings blends glamour and practicality; Hershey Chocolate Corp.	June	105
Prize for best egg package; Poultry Research Institute in Holland	October	78
Radiant-sterilized foods	January	169
Single-service cup for potato chips; Sealright Co.	August	56
Six-compartment foil tray; Anaconda Aluminum Co.	January	54
Swift's appeal to mother; glass jar for baby foods; red label; Swift & Co.	September	142
Tetrahedral portion package; Milliken Tetra-Pak, Inc.	July	58
Tetrahedron package	June	128
Tight seal in plastics lids; American Can Co., Dixie Cup Div.	December	176
Volume food in plastics jar; Recipe Foods, Inc.	September	142

BAKERY PRODUCTS

Advertising space on bread end labels; Dugan Bakeries	August	46
Aluminum-foil containers for bakery use; Revere Copper & Brass, Inc.	December	64
Automatic cookie-packaging system; Peters Machinery Co.	September	70
Bakery packaging; American Management Assn. seminar	October	202
Can convenience go too far? Frozen bread, packaged three loaves to aluminum pan; Continental Baking Co.	May	43
Combined production and wrapping of cookies for vending machines; Quality Machine Co. and Package Machinery Co.	March	54
In-line marking machines eliminate hand operation; Keebler Supreme Bakery, Div. of United Biscuit Co. of America	February	112
P & G offers bakers packaged-cake program	November	245
Package for vending-machine sale; Austin Biscuit Co.	January	93
Resealable bread labels	May	118
Resealable header label helps keep bagged pretzels fresh; Rold Gold Foods	April	151
Shrink film extends bread shelf life; Swedish bakers	December	84
Two-side coated biaxially oriented polypropylene bread-wrap film; Kordite Corp.	April	64
Winter-grade PP bread-wrap film; Pollock Paper Co.	December	178

CANNED FOOD

Canned baby formula; Pet Milk	December	39
Color key to sales of canned food; Stokely-Van Camp, Inc.	January	88
Formula for oriented convenience packaging; Pet Milk Co.	December	105
Letter of the law becomes a graphic design element for canned foods; H. C. Brill, Inc.	August	103

DRY (POWDERY) PRODUCTS

A force for efficiency; automatic two-tube pressure-filling packer; low operating and maintenance costs; Montana Flour Mills	March	124
Graphics vs. transparency; two-ply cellophane bag for egg noodles; Megs Macaroni Co.	August	95
Problem of carton sifting; sugar product	June	158

FROZEN FOOD

Barrier cartons for frozen products	April	306
Boil-in-bag frozen foods; General Foods, Birds Eye Div.	January	93
Boil-in bags	March	141
Film bags rack up savings: for Maine potato processor Vahlsing, Inc.	May	122
Green Giant boil-in-bags	November	132
Machine packaging of a plastics tray; Chun King Corp.	June	100
Packaging developments shown at Amsterdam (International Packaging Exhibition)	June	107
Polyethylene-coated cartons	November	112
Pouch filler for frozen foods; Circle Design & Mfg. Corp.	August	56
Vertical freezer cabinet for retail display of frozen foods; type of package needed	May	184A
Whither freeze drying?	July	43

PRODUCE

Adhesive costs slashed 50%; Sunkist Growers, Inc.	November	150
Bananas: last big hold-out in foods	June	134
Continuous film wrapper for fruits and produce; Triple A Packaging Corp.	November	126
Control of respiratory gases in packaging of fresh fruits and vegetables. M. Karen and James Co.	February	123
Corrugated box for fruits, vegetables; Continental Can Co.	May	56
Dried cabbage in laminated pouch inside a paperboard carton; Ireland,	June	80
Fogging of produce bags	November	172
Growth of produce packaging; Produce Packaging Assn.	June	44
Meeting the needs of produce	July	112
Molded-pulp trays for produce; Diamond National Corp.	November	21
Molded tray for apples, other fruit; Diamond National Corp.	August	58
PE bags with slits for air movement, packaging fruit and produce	June	190
Plastics bag for dehydrates; Idaho Fresh-Pak Potatoes, Inc.	August	109
Plastics mesh produce bag; Rexall Drug & Chemical Co.	July	62
Polystyrene-and-corrugated fruit tray; Bartollo Chiori (Italy)	February	84
Potatoes in stretchable-kraft shipping bags; Dublin	August	80
Pre-packaged produce	January	164
Pre-packaging in the West	May	182
Resistance to pre-packaging; England	April	106
Scalloped-edge pulp produce trays; Keyes Fibre Co.	May	56
Triple-barrier package for dried fruits; California Packing Corp.	July	134
Two-part plastics sealing closure protects bottled olives; Strohmeyer & Arpe (importers)	October	99
Ventilated PE bag for onions; Kordite Corp.	December	176
Foreign competition in machinery development	September	147
Forty-Two Products, Ltd.		
Prize-winning window carton cuts costs 40%.	April	198
Throw away label for aerosol hair spray	September	174
Freight rates for pulp and paper industry	November	44
Frigidmeats, Inc.		
Deep bake-in foil pan holds a 'family-size' frozen entree	March	105
Fruit Packaging (see Food Packaging - Produce)		
Fuller, W. P. & Co.		
Portable steel tanks cut packaging costs	July	119

FURNITURE

'Bagging' furniture for shipment; Switzerland	February	84
Comparted bag for furniture legs; Jiffy Mfg. Co.	December	64

G

General Appliance Mfg. Co.		
Engineered corrugated; packaging rotary mowers	October	114
General Electric Co.		
GE pulls a switch on a successful lamp-packaging idea; container for floodlight-and-holder kit	May	105
R & D at General Electric	October	85
General Foods		
Boil-in-bag frozen foods; vegetables in vacuumized polyester film pouches	January	93
Compact cereal carton	April	172
Freeze-dried berries in foil wrapped cereal box	December	39, 104
Pitcher package for syrup	January	87
Tear-tape-opening vacuum coffee can	February	98
General Mills		
Agreement with Daichi Seiyaku Co. of Kyoto, Japan	February	44
Cartons protect chub packages for frosting and cookie mix	May	104
Speak! - a prize-winning product of systems engineering	March	106
General Stores Corp.		
Electronic Computer use	November	44
General Time Corp.		
Five cartons for 15 clocks	November	150
Germany		
Room for one-way beer bottle	May	82

GIFT PACKAGING

Non-commercial look comes to the net product field; veterinary nutritional tablets in ceramic clay-fired jar; Upjohn Co.	February	99
Plastics-and-paper gift package exudes Oriental charm; Rexall Drug Co.	July	102
Gillette Co.		
'Brandless' carton adds gift appeal to Gillette item (after-shave lotion)	January	92
Glamorene, Inc.		
Aerosol with an applicator	November	123

GLASS CONTAINERS

Foam inserts save up to 8%; Corning Glass Works	February	112
Glass carboys in polystyrene-foam "hamper," Germany	January	74
Housewife (English) casts a vote for glass	January	74
Machine automatically cleans glass containers of foreign matter; McBrady Engineering Co.	February	50
Packaging in glass (reviewed); B. E. Moody	November	222
Shipments in 1963	May	188
'Square-and-round' glass decanter for apple juice satisfies divergent aims; New England Apple Products Co.	February	99
Two coatings for glass containers; Continental Can Co.	July	62
Velvet touch in glass used for cosmetics and gourmet foods; England	October	78

Pallet use increases	June	235
PAPER		
Colored kraft papers; Albemarle Paper Mfg. Co.	January	54

	Month	Page
Colored packaging papers custom produced for small packagers; Boise Cascade Corp.	January	52
Device for humidity testing of papers; Printing, Packaging & Allied Trades Research Assn.	November	58
Flame retardant for packaging paper; National Starch & Chemical Corp.	May	56
Nylon-coated papers	March	144
Packaging paper dissolves in water; The Gilbreth Co.	September	233
Paper vs. plastics	June	235
Quality checking a moving paper web; West Germany	April	106
Vacuum-metalized papers; Standard Packaging Corp.	February	50
PAPER BAGS		
Automatic equipment fills multiwalls at high speed; West Virginia Pulp & Paper Co.	December	56
Device for printing multiwalls; Algene Marking Equipment Co.	September	72
Easy-opening device for multiwalls; Bancroft Bag Factory, Inc.	June	64
Extensible-paper shipping bags trim breakage by 25%; Eagle-Picher Co.	July	118
Insectproofing multiwall bags; Henry A. Highland, Dean F. Davis and Fred O. Marzke	August	133
Kraft barrier paper for multiwalls; Union Bag-Camp Paper Corp.	April	76
Multiwall bags	March	202
Multiwall paper bags	November	112
Multiwall sewn with acid-resistant thread; Union Bag-Camp Paper Corp.	March	60
Ultrasonics applied to multiwalls; Escambia Chemical Co.	July	98
Paper boxes (see Boxes)		
PAPER CONTAINERS		
Flush-fill pint paper containers; Continental Can Co.	January	146
Now: a paper motor-oil can; Jackson Oil Products Co.	May	95
Single-service cup for potato chips; Sealright Co.	August	56
PAPERBOARD		
Boot-type package serves as display unit; Berles Carton Co.	February	164
Glossing coating; American Can Co.	December	64
Gluability of paperboard	June	141
Paperboard folder package for 1-lb. quantities of sliced bacon; Stoppenbach Sausage Co.	March	104
Paperboard packaging at an all-time high	December	39
Paper/plastics candy box; Sisco Hamilton Co.	March	97
Use in 1963	May	188
Paperboard Packaging Institute	July	227
Paper-leaflet-inserting machine; Inter-Davo Corp.	March	60
Partition-assembly machine; Bostitch, Inc.	March	58
PATENTS		
U.S. Patents Digest (See Table of Contents, page 3 of MODERN PACKAGING, each month)		
Patra method for WVT; H.J. Lelie	March	145
Perfume (see Cosmetics and Toiletries)		
Pet Milk Co.		
Candy cups by the yard	December	112
Formula for oriented convenience packaging	December	105
Polyethylene 'pitcher' suggests end use of dry products; Pet Milk Co.	May	104
Petrofina, Ltd.		
Motor oil in a carton	March	98
Petroleum-wax industry	May	46
Petroleum waxes; use in packaging	January	167
Pharmaceuticals (see Drugs and Chemicals)		
Pilferage (see Theft)		
Pillsbury Co.		
Opening device for flour bags	August	92
PLANT FOODS		
Dispenser/spreader for plant food; Elanco Products Co.	August	94
PLASTICS		
Beverages turn to plastics cases.	August	120
Blow-molded aerosol containers	June	119
Carriers to hold soft-drink bottles; Union Carbide Corp.	June	64
Clear plastics lid for eggs	August	43
Consumption of plastics in packaging	January	41
	August	43
Containers for powdered household cleansers, milk and motor oil	July	43
Defective containers	July	43
Does plastics packaging pay?	January	41
Flame treating for plastics; Conforming Matrix Corp.	October	56
Fluorescent brightener for plastics; American Polymer & Chemical Corp.	August	160
Foam for packaging statue sent from Vatican to World's Fair	June	44
Foam inserts save up to 50%; Corning Glass Works	February	112
Foams, Something new in; Australia	November	90
Gallon plastics jugs as replacement for glass	February	41
Future of plastics in packaging	March	180
A growing power in plastics field; Japan	August	80
Illusion of depth built into extruded plastics sheet; Rowland Products, Inc.	May	184
Let's be specific; nomenclature (ed.)	November	105
Machine forms rolled rim on plastics cups; Resistance Welder Corp.	February	56
Machine packaging of a big plastics tray; Chun King Corp.	June	100
New antistatic agents for films, containers; General Aniline & Film Corp.	May	58
Need for speed in plastics packaging	December	42
Paper vs. plastics	June	235
Plastics for packaging; British criticisms	January	74
Plastics in packaging's future; discussion at National Plastics Exposition	January	108
Plastics Jar sans air space for Elizabeth Arden creams	January	90
Plastics packaging on the march in Europe	January	74
Price increases	May	190
Production in West Germany.	February	82
A revolution in plastics	April	139
Small change, big savings; layer of urethane foam on corrugated flanges of rip-tape spools; Chicago Printed String Co.	January	115
Standardizing with foam; Bowman Instrument Corp.	November	131
Thermoforming gains ground	April	317
What next for plastics?	November	107
Wrap-arounds for multipacks; beer and soft drinks	December	39
Plastics Aerosols (see Aerosols)		
PLASTICS BAGS	June	129
Boilable bags of plastics netting; Nalle Plastics, Inc.	March	58
Boom in plastics shipping bags	February	89
Heat sealer for heavy-gauge plastics bags; Bemis Bros. Bag Co.	February	58
Machine forms, fills and seals plastics bags; Hamac-Hansella Machinery Corp.	February	56
Packaging Institute seminar	December	128
Plastics mesh produce bags; Rexall Drug & Chemical Co.	July	62
Plastics shipping bags	December	42
Portable plastics-bag sealer; Harwil Co.	December	60
Shipping bags	December	42
Tamperproof plastics bags; Kennedy Car Lines & Bag Co.	September	236
Plastics Bottles (see Bottles; also Closures)		
Plastics carboys	December	128
Plastics closures (see Closures)		
Plastics coatings (see Coatings)		
PLASTICS CONTAINERS		
Automatic production of deep-drawn plastics cups; Precismeca	January	50
Container forming methods	June	128
Fillers for odd-shaped plastics containers; Popper & Sons, Inc.	September	78
Metallic inks available for plastics containers; Dow Chemical Co.	February	58
New line of plastics food containers; Conex Div. of Illinois Tool Works, Inc.	June	62
Printing achieved in plastics mold; process introduced at London Interplas Show	December	86
Promoting the one-way package; Holland	April	108
Screen printer for plastics; Autoroll Co.	September	238
Volume food in plastics jar; Recipe Foods, Inc.	September	142
Plastics Exposition, National	November	253
	October	191
	January	108
Plastics Fair, International, Dusseldorf, Germany	January	160
Plastics Tubes (see Tubes and Tubing)		
PLAYING CARDS		
In-plant gravure imprinting of film; Western Playing Card Co.	November	114
Plymouth Rock Provision Co.		
Thermoforming a vacuum package.	October	90
Poly Products (subsidiary of Faultless Rubber Co.)		
Sparkling graphics ride on shipper's inner white liner; corrugated shipper/display carton for plastics play balls	November	125
POLYALLOMER		
Low-static polyallomer; Eastman Chemical Products, Inc.	June	188
Polycarbonate	January	108
POLYCARBONATE FILM		
Packaging uses	February	41
POLYCARBONATE RESINS		
Polycarbonate resin with heat-stabilizer; General Electric, Chemical Materials Dept.	February	54
Polycarbonates for packaging. Lawrence D. Burkinshaw	June	141
Polycarbonate sheet and film	December	60
POLYCARBONATES		
Ultraviolet-stable polycarbonates; General Electric Co.	September	242
POLYESTER FILM		
Boil-in-bag frozen foods; vegetables in vacuumized polyester film pouches; General Foods Corp. (Birds Eye Div.)	January	93
New 'Mylar' polyester substrate; E.I. duPont de Nemours & Co.	November	212
Oriented polyester film; Minnesota Mining & Mfg. Co.	February	164
Polyester-film honeycomb structure; Hexcel Products, Inc.	March	58
Use as insect barrier proportionate to thickness or gauge	October	132
POLYETHYLENE		
Ball for deodorant applicators; Orange Products, Inc.	January	54
Banana wrap; United Fruit Co.	June	134
Bleach- and detergent-bottle resins; U.S. Industrial Chemicals Co.	October	170

	Month	Page
Blown polyethylene film; Union Carbide Corp.	March	58
Cans for motor oil	June	118
	July	43
Carboys; Owens Plastics Co.	October	170
Carrier for cans; R.A. Jones & Co.	April	274
Cartonboard coating	November	112
Containers for baby lotion and powder; Johnson & Johnson	October	98
Displays at Packaging Show	June	121
Film wrapping	November	144
Fish crates; West Germany	June	78
Foam for shipping; Dow Chemical Co.	December	120
Gauge pattern for polyethylene film; survey by National Flexible Packaging Assn.	September	285
Germ-fighting polyethylene film; Package Products Co., Inc.	February	54
Greaseproof qualities	October	136
Heater/blower machine shrinks PE packages; Conoform Co.	September	235
Low-density polyethylene; Eastman Chemical Products, Inc.	June	188
Meat-wrap film, polyethylene-based; Kordite Corp.	May	172
Milk containers	March	41
Plastics blend for problem products; American Cyanamid Co.	August	101
Plastics oil can arrives; Humble Oil & Refining Co.	June	103
PE resin for coffee-can lids; Phillips Petroleum Co.	October	170
Price increases	August	196
Production of low-density polyethylene in Russia	April	106
Rising prices	June	44
Scouring powder in polyethylene container; Spar, Ltd. (England)	September	110
Sleek look in over-sized container for fluids; Switzerland	June	78
Special HD polyethylene resins; W.R. Grace & Co.	December	60
Terminology	November	105
Unit bagging cuts bulk cost; National Biological Supply Co.	August	122
Use as insect barrier proportionate to thickness or gauge	October	132
POLYETHYLENE BAGS		
Automatic polyethylene bagger; National Equipment Corp.	September	232
Boom in plastics shipping bags	February	89
Drawstring polyethylene bag; Colodense, Ltd.	February	56
Easy-opening boilable bag; Towel Packing Co.	June	60
Extruded polyethylene netting bags	December	42
Heat-seal design for PE shipping bags; U.S. Industrial Chemical Co.	February	58
Heat-sealing heavy-gauge bags	March	150
Heavy-duty film bags with antistatic properties; Chase Bag Co.	May	56
High-strength, high-density PE bags, liners; Packaging Products and Design Corp.	March	60
New film grade polyethylene resin for bags; Koppers Co.	March	60
New gussetted polyethylene valve bags; St. Regis Paper Co.	April	76
New polyethylene for shipping bags; Dow Chemical Co.	November	62
PE bags with slits for air movement; Hollywood Industries	June	190
Plastics bag for dehydrates; Idaho Fresh-Pak Potatoes, Inc.	August	109
Polyethylene-film/kraft multiwall bags; St. Regis Paper Co.	February	56
Reclosable PE bag has zip closure formed economically during extrusion; Flexigrip, Inc.	August	54
Shipping bags	November	112
Square-bottom PE shipping bag; Union Carbide Corp.	April	272
Tear-off tops	May	144
Ventilated PE bags for onions; Kordite Corp.	December	176
POLYETHYLENE BOTTLES AND TUBES		
Automobile anti-freeze in blow-molded high-density polyethylene bottle; Mobil Oil Co. and Shell Mex (English producers)	December	84
Blow-molded	November	110
Blow-molded bottles for anti-freeze and weed and insect killer; England	October	78
Blow-molded containers for anti-freeze and weed and insect killers; England	October	78
Bottles for liquid boat-bilge cleaning product, when empty, serve as fender to protect paint surfaces; Fender-Ful Inc.	September	140
Containers for pharmaceuticals	January	102
Engineering considerations	November	163
A failure model for HD bottles. J.G. Pick	February	132
Fast line for ultralight bottles; C.B. Fleet Co.	August	104
Half-gallon plastics bottles for food beverages; Dow Chemical Co.	September	248
High-density PE bottles; Dow Chemical Co.	November	214
Jug with 'no plug' feature; Container Supply Corp.	August	58
Lighter-weight polyethylene bottles for non-carbonated fruit drinks; Continental Can Co.	May	58
Milk containers	November	41
Polyethylene container with dispenser tube; Reliance Products, Ltd.	February	56
Polyethylene 'pitcher' suggests end use of dry product; Pet Milk Co.	May	104
Quality control	June	116
Polyethylene Coatings (see Coatings)		
Polyethylene drums	December	128
Polyethylene drum insert for use with fibre outer packs; Haveg Industries, Inc.	December	64
Polyethylene hook for hanging film bags; Allen Field Co.	August	58
POLYETHYLENE TRAYS		
Thermoformed, high-density-polyethylene tray for dog food; General Mills	March	110
POLYOLEFIN		
Beverage cases	November	261
Three new slip agents for polyolefin resins; Armour Industrial Chemical Co.	June	64
Three-ply polyolefin films for wrapping; Kordite Corp.; U.S. Industrial Film Products	January	50
POLYPROPYLENE		
Aerosol spray top molded of polypropylene; Dillon-Beck Mfg. Co.	October	170
Biaxially oriented polypropylene film; Imperial Chemical Industries, Ltd.	October	60
Breakthrough for polypropylene? Johnson & Johnson	September	167
Closures (see Closures)		
Coating	November	261
Coffee-can lids; Gilbert Plastics	September	245
High-performance polypropylene as can carrier; HLH Products	December	105
Liquid dispensers made of polypropylene; F. Calmar, Inc.	May	58
Low-static polypropylene; Eastman Chemical Products, Inc.	June	188
Low-temperature heat-sealing for polypropylene; Interchemical Corp.	April	72
New formulations shown at Packaging Show	June	120
New heat-sealing process used on polypropylene bags; Morpac, Inc.	October	58
Oriented polypropylene film; England	February	84
Perfume in polypropylene aerosols; Helena Rubinstein, Ltd.	March	86
Polypropylene copolymer in production; Avisun Corp.	December	62
Polypropylene in closures. Richard J. Pecha	January	124
Polypropylene laboratory; Chevron Plastics Laboratory (parent firm, California Chemical Co.)	September	285
Polypropylene venture; production of homopolymer and copolymer resins; Rexall Drug & Chemical Co. and El Paso Natural Gas Products Co.	May	195
Price increases	August	196
Rank as a packaging film	November	112
Three overwrappers use PP film for overwrapping cartons and trays; Battle Creek Packaging Machines, Inc.	February	54
Winter-grade PP bread-wrap film; Pollock Paper Co.	December	178
POLYSTYRENE		
Bottles	April	139
Bottles; British developments	October	118
Bottles for pharmaceuticals	January	103
Cigarette package	November	108
Cigarette package; Philip Morris	May	110
Cleansing powder container	November	110
Cups; new unit cuts labor and materials for bagging; Thermo Plastics, Inc.	October	114
Foam scores $8,000 strike; Columbia Industries, Inc.	August	123
Foamed polystyrene film; Germany	October	78
Gift shipper for sauces in glass bottles; Anderson Clayton & Co.	July	118
Hinge action in polystyrene; National Drug Co.	June	131
Machine automatically spin welds two parts of plastics containers; Brown Machine Co.	June	58
New high-impact polystyrene resins; Rexall Chemical Co.	August	160
New polystyrene formulations, copolymer resins; Dow Chemical Co.	April	272
Paper/plastics candy box; Sisco Hamilton Co.	March	97
The Paxton story; now it can be told; Philip Morris	June	93
Plastics folding box for shoe shine; K. J. Quinn Co.	April	161
Polystyrene insert 'anchors' paint squares, cuts damage; Binney & Smith	September	140
Re-usable plastics shoe box; Weinbrenner Div. of Textron, Inc.	June	104
Showcase for meats; vacuum-formed polystyrene tray; Ralphs Grocery Co.	October	95
60% rise in polystyrene production; England	February	84
Terminology	November	105
POLYVINYL ALCOHOL		
Packet for powdered bleach; Colgate-Palmolive Co.	December	99
POLYVINYL CHLORIDE		
Banana packaging	June	136
Blister and shrink packaging	June	121
Blow-molded bottles, holding oil-based products and solvents; Monsanto Chemical Co. and Hedwin Corp.	June	58
Blow-molding and sheet forming; use in food packaging	November	110
Bottles	March	41
	April	139
	June	119
	August	46
Form-fill-seal system puts motor oil in PVC pouches; Atlantic Refining Co.	August	54
A glass of wine in PVC	August	96
High-barrier bags with saran-latex coating; Thilmany Pulp & Paper Co.	August	60
High barrier, injection-molded PVC; S. C. Johnson & Son	July	100
Markets in France for blown PVC bottles	June	78
Coating	November	258
Engineered overwrapping of cartons in PVC film; Visual Art Industries	November	128
Meat wrapping; Oscar Mayer & Co.	November	111
New line intended for overwraps, shrink and skin packaging; Atlantic Refining Co.	November	212

	Month	Page
New line of PVC bottles features good impact resistance; Creative Packaging, Inc.	July	59
New 'moderately priced' brand (HC Polymer) of PVC from Japan; Kureha Chemical Industry Co., Ltd.	April	74
New PVC shrink film for frozen meats; Hager Frozen Foods	April	177
New rolling reels for dispensing PVC film; Clopay Corp.	March	58
New U.S. plant for PVC	May	182
Packagability of rigid PVC; M. Salame and Jules Pinsky	April	209
	May	131
Packaging applications in Europe	January	74
PVC bottles in Europe	May	46
PVC shipping bags	February	178
Straight wrap and shrink film	November	112
Tubes (see Tubes and tubing)		
Two-stage blown PVC bottle; Marks & Spencer	November	114
Versatile, compact, low-cost system for meats in PVC fills; S. Lundy's Sons	November	127
Wrap for meats and poultry; Borden Chemical Co.	August	56

POLYVINYLIDINE CHLORIDE

PVDC-coated packaging papers; Jacques Schlinder & Co.	September	236
Saran emulsion coatings	December	42
Shrink film bread wrap; Swedish bakers	December	84
Population growth	July	46
Portion packaging; growth of single use	December	106
Pouch-making machine; Heinrich Equipment Corp.	September	233

POUCH PACKAGING MACHINERY

Feeders for pouch packaging by count; Mercury Packaging Corp.	April	65
Form, fill and seal machine; Triangle Package Machinery Co.	April	70
Four-side-seal pouching machine; Triangle Package Machinery Co.	February	58
High-speed liquid pouching; Wardley Brine & Shrimp Co.	September	141
Integrated packeting/pouching/cartoning for powdered bleach; Colgate-Palmolive Co.	December	99
Machine forms, fills and seals pouches; Cloud Machine Corp.	December	60
Nylon in a meat pouch; Armour & Co.	November	121
Portable pouch packager; Bartelt Engineering Co.	April	74
Pouch package for a bubble stick; unique form of carbonated drink; Pacific Hawaiian Products Co.	April	170
Pouch packager produces large-size packages; International Shoe Machine Corp.	April	74
Pouch packagers at Package Machinery Show	November	144
Pouch that acts like a carton; American Home Foods	September	134
Strip- or pouch-packaging machines; Crompton & Knowles Corp.	February	54
Thermoforming a vacuum package; Plymouth Rock Provision Co.	October	90
Tripled speed for pouch packaging; Thomas J. Lipton, Inc.	September	162
Versatility in high-speed parts counting and pouching; Eaton Mfg. Co. (Dill Div.)	July	104
Versatility in pouch packager; Crompton & Knowles Corp.	September	669
Pouches (see Envelopes, Packets, Pouches)		

POULTRY

Molded-pulp trays for; Diamond National Corp.	November	212
Preservation of; new principle	October	39

PRE-PACKAGING

Pre-packaging of produce in the West	May	182
Pre-packaging on rise	November	252
Roses in a pre-pack (England)	December	84
Pre-pricing elimination; Procter & Gamble	October	39

PRESSURE PACKAGING

Speedy aerosol-gas pressure checker; Andora Automation, Inc.	April	74

PRICES

Price adjustments on packaging materials	January	180
Price increase in packaging materials	August	196
Price increases in plastics film industry	May	190

PRINTING

Electrostatic printing	February	44
	March	44
	April	136
	May	109
	August	196
Letterset process	October	42
Logotype changes; Sears, Roebuck & Company	May	91
Packaging Institute seminar	December	127
Printing achieved in plastics mold; process introduced at London Interplas show	December	86
Printing awards; National Flexible Packaging Assn.	July	107
Printing of corrugated shippers	June	221
Printing inks (see Ink)		

PRINTING MACHINERY AND EQUIPMENT

Device for printing multiwall bags; Algene Marking Equipment Co.	September	72
Dry-offset-method printing machine; Index Industrial Corp.	April	72
High-speed electrostatic two-color printing of molded-pulp egg cartons; Electrostatic Printing Co. of America	May	54
Engraving of gravure cylinders	April	46
Flat-bed printer for corrugated carton; Bell-Mark Corp.	August	60
Flexible-material rotogravure press; Cerutti Presses of America, Inc.	October	56
High-speed screen printing of cylinders; Dependable Compressor & Machine Co.	May	172
In-line and side carton printer; Control Print Shop	April	274
New flexographic printer; Control Print Corp.	December	176
New press prints knock-down cartons; Algene Marking Equipment Co.	June	62
Portable ampoule imprinter; Markem Machine Co.	June	60
Precision presses at London Show	October	118
Press prints light-gauge films; Faustel, Inc.	September	232
Screen printer for plastics containers; Autoroll Co.	September	238
Two-color in-plant printing on corrugated; Algene Marking Equipment Co.	April	72
Printing, Packaging & Allied Trades Assn. (Patra)	January	41
Procter & Gamble		
Elimination of pre-pricing on products in toilet-goods division	October	39
New test for plastics antistatics. Roger E. Schanzle	May	129
P & G offers bakers packaged-cake program	November	245
Soap wrappers	August	94
Produce (see Food Packaging: Produce)		
Produce Packaging Assn.		
13th annual meeting	January	162

PRODUCTION METHODS

Anheuser-Busch: a study in production	April	154
AMA's conference on 'creativity'	June	125
Automatic filling of miniatures; Alcon Laboratories, Inc.	May	97
Boil-in-bag frozen vegetables; Green Giant Co.	November	132
Buy, build or combine? Peter Eckrich & Sons	January	112
Cigarette package; Philip Morris	June	93
Cook-in aluminum cans; John Morrell & Co.	December	97
Machine packaging of a big plastics tray; Chun King Corp.	June	100
Monitor to check production speeds; Imac Corp.	August	56
New efficiency in dry net weighing of powdered detergents; Lever Bros Co.	February	100
New look in sampling; dietetic salad dressing; Dia-Mel Diet Control Sales, Inc.	May	124
Now: ultrasonics in use; Avon Products, Inc.	September	136
A packager's engineering triumph; snuff packaging; U.S. Tobacco Co.	September	170
Packaging Institute seminar	December	126
Polypropylene caps: the Mennen story	May	102
Pouch that acts like a carton; American Home Foods	September	134
Solving a vending problem; Scientific Packaging Corp.	February	96
Task force for packaging; John H. Breck	December	93
Textured paperboard for cosmetic packaging; Elizabeth Arden	April	143
Triple speed for pouch packaging; Thomas Lipton, Inc.	September	162
Tube filling through the closure; Wintite Products, Ltd.	May	100

PROFILES IN PACKAGING

Anderson, Arthur H., Jr.	November	76
Avery, R.S.	July	68
Begeman, Carl J.	October	70
Bull, H. W.	October	68
Conti, John D.	June	66
Ellis, N. D.	November	74
Enzie, William H.	May	68
Goldsmith, Clifford H.	March	74
Grodin, Adam J.	April	90
Kappus, Herman	April	88
Hickman, R. Allan	May	68
Kilmer, Harold A.	May	70
Langner, Frederick W.	February	68
Lermer, Herman	November	74
Leeds, Samuel J.	January	64
Luke, David L.	January	62
Mittelberger, Ernest	July	68
Morin, Edward	August	70
Newman, Willard L.	April	88
Oglesby, Herbert J.	December	76
O'Hanlon, Joseph P.	July	70
Priess, Frederick W.	June	68
Reuman, Paul	September	90
Samuels, Howard J.	February	70
Shapiro, Ernest	August	68
Shimer, Gordon M.	February	68
Sinnott, L. J.	September	90
Stolk, William C.	March	74
Stoneman, Alan C.	October	68
Sugerman, I. H.	March	76
Torrey, John S.	December	78
Ungemach, Wallace	August	68
von Hofe, George	December	178
Weil, David M.	June	66
Yaeger, Norman	January	62
Prune packages; types of; insect infestation	October	133
Pulp and Paper Industry		
Demurrage rates	November	44
Pulp, Paper & Paperboard Institute (U.S.A.), Inc.		
NPA and APPA joining forces to form new institute	May	184

	Month	Page
Pump-spray closure; Lanvin-Parfumes, Inc.	February	116

Q

QUALITY CONTROL

Expanding role for quality control	June	112
Quality checks on packages; John H. Breck, Inc.	December	95
Quinn, K. J. Co.		
Plastics folding box for shoe shine	April	161

R

Rack jobbers	April	43

RACK MERCHANDISING

Watch the rack! Analysis of packaging requirements	March	93

RACKS

New device permits rack hanging; American Tag Co.	September	236
Radiation Research Corp.		
Film-priming process	February	41
New glow-coating method	February	195
Ralphs Grocery Co.		
Showcase for meats	October	95

RAZORS

Blister cards in foam base cutting packaging cost for Schick Safety Razor	January	110
Recipe Foods, Inc.		
Volume food in plastics jar;	September	142
Reese, H. B. Candy Co.		
Simple change, big economy; switch from steel to tungsten carbide shear blades in packaging machinery	January	111

RESEARCH

Packaging research in West Germany	February	82
R & D at General Electric	October	85

RESINS

General Mills resins in Japanese market	February	44

RETAIL TRADE

Favor of blister and skin packaging	March	44
A link with retail realities; J. J. Newberry Co.	November	152

RE-USE CONTAINERS

Plastics-coated paper milk cartons; conversion into plastics-roofed bird house; Ex-Cell-O Corp.	June	44
Polyethylene bottles for liquid boat-bilge cleaning product, when empty, serves as fender to protect paint surfaces; Fender-Ful, Inc.	September	140
Polyethylene 'pitcher' suggests end use of dry product; Pet Milk Co.	May	104
Rexall Drug Co.		
Plastics-and-paper gift package exudes oriental charm; Rexall Drug Co.	July	102

RIGID PACKAGING

Packaging Institute seminar	December	125
Riker Laboratories		
Convenience appeal in professional-samples carton	July	103
Robertson Photo Mechanix, Inc.		
Better shipper for less	February	113
Rold Gold Foods		
Resealable header label helps keep bagged pretzels fresh	April	151
Roses in a pre-pack; England	December	84
Rowland Products, Inc.		
Illusion of depth built into extruded plastics sheet	May	184
Rubinstein, Helena, Ltd.		
Economical all-polypropylene aerosol bottle	April	150
Russia		
Accent on design improvements	May	82
Rust Prevention (see Corrosion)		
Rutgers University		
Graduate Packaging Program	June	209
Packaging at Rutgers	February	190

S

St. Regis Paper Co.		
Expanded technical center	January	181
Fifth collegiate packaging competition	August	175
Sandoz Pharmaceutical		
Short-run counter/filler	October	96

SARAN

(See Polyvinylidene chloride)		
Scanning device for sheet material; Ohmart Corp.	March	60
Schaefer, F. & M. Brewing Co.		
Lightweight-board carrier saves 10%	August	122
Schick, Inc.		
New fitment speeds filling, pares production costs.	December	121
Schick Safety Razor	January	110
Scientific Packaging Corp.		
Solving a vending problem	February	96

SEALING EQUIPMENT AND SUPPLIES

Analysis of wax sealing. H. G. Moyer and R. P. Zmitrovis	May	136
Automatic bag heat sealer; Vertrod, Inc.	December	60
Automatic capping machine applies screw-type closures; Anderson Machine Works: Island Associates, distributor	June	64
Automatic end-seal machine using hot-melt adhesives; Condes Corp.	August	58
Automatic single-head screw capper; Dietz Machine Works, Inc.	February	58
Belt releases air from bags; Amsco Packaging Machine, Inc.	September	236
Blister sealer for contour packaging; Atlas Vac-Machine Corp.	November	212
Blister-sealing (see Blister Packages)		
Carton closing and sealing machine; Superior Packaging Equipment Corp.	September	74
Cellulose sealing bands; Thatcher Glass	May	43
Color as a clue to seal strength; polarizer developed in Australia	April	108
Cost-saving random sealer; Westinghouse Electric Corp.	December	121
Double jaw sealing machine; Errich International Corp.	December	64
Heat-seal design for PE shipping bags; U.S. Industrial Chemical Co.	February	58
Heat sealer for heavy-gauge plastics bags; Bemis Bros. Bag Co.	February	58
Heat sealers for plastics shipping bags	February	92
Heat sealing flexible materials	August	140
Heat sealing a vacuum package; Plymouth Rock Provision Co.	October	188
Heat sealing heavy-gauge bags	March	150
Heat-sealing PE-coated foil	January	132
High-speed air-driven film-bag sealer; Save-O-Seal, Ltd.	April	76
"Home-grown" meat packaging system; Peter Eckrich & Sons	January	169
Hot-melt application machinery; Morningstar-Paisley, Inc.	October	58
Hot-melt applicators	June	123
Hot melts used in applying end seals to composite can bodies; Barker Mfg. Co.	July	59
Improved seal strength for heavy-gauge film shipping bags; Inter-Davo Corp.	September	72
Integral membrane seal	January	129
Longitudinal slitter-sealer; Inter-Davo Corp.	October	58
Low-temperature heat-sealing for polypropylene; Interchemical Corp.	April	72
Machine applies wax to carton blanks; Specialty Automatic Machine Corp.	December	176
"Maze seal" for bags	February	93
Multiple-sealer determinations	April	216
New gluer for carton sealers; Van's Sales Co.	July	60
New heat-sealing process used on polypropylene bags; Morpac, Inc.	October	58
New line of heat sealers; Shrink Film Equipment Corp.	February	56
New manually operated heat sealer; Beseler Corp.	June	188
New tri-laminate film; Gordon P. Hungerford	July	158
New unit applies aluminum bottle caps; Perry Industries, Inc.	June	190
Now: ultrasonics in use; sealing plastics tubes; Avon Products, Inc.	September	136
Package sealer; The Trescott Co.	September	74
Pilfer-discouraging seal	June	122
Pneumatic sealer for plastics trays; Chun King Corp.	June	100
Polyvinyl-chloride films; Atlantic Refining Co.	November	212
Portable heat sealers; Packaging Aid Corp.	September	240
Portable plastics-bag sealer; Harwil Co.	December	60
Random sealer eases labor; North America Wines Corp.	September	168
Reinforced sealing tapes; Atlantic Gummed Paper Corp.	September	74
Rotary capping machine; Horix Mfg. Co.	December	64
Screw-capping machinery; W. H. Swanson & Co.	December	62
Seal strength in coated bags	June	158
Steel-strapping machine; Acme Steel Co.	September	244
Thermal-impulse contour sealers; Weldotron Corp.	November	60
Three-side sealer for cartons; Hayes Machine Co.	February	58
Tube sealer for vinyl films; Guild Electronics, Inc.	May	56
Ultrasonic sealing	August	129, 131, 132
Ultrasonic sealing equipment	June	123
Ultrasonic sealing technique; Branson Sonic Power	February	56
Sears, Roebuck and Company		
Repackaging 200,000 products	May	91
See's Candy of California		
Candy labeler: less labor.	April	199

SELF-SERVICE

Coin-operated self-selection store in Zurich (Switzerland)	November	90
Self-service food shops in Europe	August	114
Self-selection food shops in Germany	April	106
Self-service store in England dominates market	December	86
Skin-and-blister techniques in self-selection card; Dymo Industries	July	103
Standarized package dimensions	May	46
Selvage cutter, multiwall; Potdevin Machine Co.	September	245

SHIPPING CONTAINERS

(See also Bags; Export Packaging; Fibre Containers)		
Advances in film multipackaging; England	March	86
'Bagging' furniture for shipment; Switzerland	February	84
Better shipper for less; Robertson Photo Mechanix, Inc.	February	113
Canned food containers	December	127
Case packers	November	146

	Month	Page
Collapsible nylon-and-rubber shipper for liquid products; Pronal SA (French firm)	December	86
Corrugated banana shipper	June	136
Corrugated container prices advanced	September	287
Corrugated containers for medical instruments; Air-Shields, Inc	May	126
Corrugated: a magic carpet to national distribution of florist items; Kenco	June	104
Corrugated shipper without top flaps; Owens-Illinois	June	122
Corrugated storage-shipper box shaves military expenses; U. S. Dept. of Defense	April	198
Device detects mishandling of shipping cartons; Tattle Tale Co.	May	58
Engineered corrugated; packaging rotary mowers; General Appliance Co.	October	114
Engineered shipper saves 15%; Firestone Steel Products Co.	June	108
Engineering of a shipper; John H. Breck, Inc.	December	95
Extra-strong corrugated bulk shipper; Continental Can Co.	June	60
Hexagonal shipping container; Continental Can Co.	December	178
International rules for; need shown by German testing laboratory	November	90
Lightweight corrugated container with plastics corner posts	June	122
Machine assembles and stitches shippers; Huntingdon Industries, Inc.	December	60
New cost-cutting shipper; Union-Bag-Camp Paper Corp.	July	192
One-trip or re-use	December	128
Polycarbonate use	June	228
Polyethylene foam for shipping; Dow Chemical Co.	December	120
Polystyrene-and-corrugated fruit tray; Bartollo Chiori (Italy)	February	84
Polystyrene-foam shipper for precision instruments; Bowman Instrument Corp.	November	131
Predicting shipping damage; tests made by J. E. Carman and S. J. Pearce	October	123
Printing of corrugated shippers	June	221
Second look saves money; shipping carton for water coolers; Ebco Manufacturing Co.	March	125
Self-lock shipper saves 80% for Medical Div. of Care, Inc.	June	133
Shipping bags	June	123
Stitcher for shipping containers; Acme Steel Co.	November	216
Supermarket shipping containers	January	41
Tear-strip shipper; key to new bulb sales; Sylvania Electric Products	September	142
Triumph for foam; shipping protection for electronic instruments; Texas Instruments, Inc.	June	132
Types in Europe and Japan	August	115
Versatile, space-saving bulk shipper; England	February	82
Shoe box for fishermen's footwear; Weinbrenner Div. of Textron, Inc.	June	104
Shoe shine in plastics folding box; K. J. Quinn Co.	April	161

SHOE PACKAGING

Self-service; John White Footwear, Ltd.	September	110

SHRINK FILMS

Applications of shrink films	June	125
Automatic shrink-film packager; Common Market Packaging Corp.	November	61
Biaxially oriented polypropylene film for shrink-wrap packaging; Hercules Powder Co.	March	55
'Brake action' in shrink film; Germany	November	90
Effects of shrink on film properties; C. F. Balazs	June	151
Growth and uses	July	43
Improved shrink-packaging equipment; Weldotron Corp.	April	70
New PVC shrink film for frozen meats; Hager Frozen Foods	April	177
New shrink package	August	132
Polyvinyl-chloride shrink packaging; Atlantic Refining Co.	November	212
Produce packaging	January	162, 164
Rise in shrink packaging	April	142
Shrink film extends bread shelf life; Swedish bakers	December	84
Shrink pack for deals	September	200
Shrink packaging advances; machines at Packaging Machinery Show	November	141
Shrink packaging of fruits and vegetables	July	228
Shrink wrapping development	November	112
Threat to corrugated cartons	August	43

SHRINK PACKAGING

Advances in shrink wrapping	November	126
Continuous film wrapper for fruit and produce in molded pulp; Triple A Packaging Corp.	November	126
Film handling techniques	September	131
Shrink-Packaging Equipment	June	123, 124
Versatile, compact, low-cost system for meats in PVC film; S. Lundy's Sons	November	127

SHRINK TUNNELS

Low wattage shrink tunnel; Shrink Film Equipment Corp.	March	60
New heated tunnel controls film shrinkage; Trescott Co.	April	72
New shrink tunnel with annealing chamber; Errich International Corp.	April	74
Shrink-tunnel rollers simultaneously rotate and move forward; Weldotron Corp.	December	57
New shrink tunnels feature controlled heat; Shanklin Research Corp.	August	160
Shrink wrapping (see Wrapping Machines and Devices)		
Shulton, Inc.		
Winner in aerosol competition	January	178
Silk-screen decorating machine; American Production Machine Co.	October	56
Sisco Hamilton Co.		
Paper/plastics candy box	March	97

SKIN PACKAGING

Economy for spare parts; Xerox Corp.	August	118
Extrusion-coated nylon on polyethylene	March	144
Four new skin-packaging machines; American Packaging Corp.	November	62
New round-table machine designed for blister and skin carding operations; Impak System, Inc.	March	55
Polyvinyl-chloride films; Atlantic Refining Co.	November	212
Retailers in favor of blister and skin packages	March	44
Process created by Stanley Hardware	June	123
Skin-and-blister techniques in self-selection card; Dymo Industries	July	103
Skin packaging on corrugated board for department-store delivery of breakables	October	42
Use of polycarbonate	June	228

SLITTERS

Slitter/rewinder machines; Black Clawson Co.	November	60

SOAPS AND CLEANSERS

Aerosol with an applicator for upholstery cleaner; Glamorene, Inc.	November	123
Blow-molded containers	November	110
E-flute corrugated material in a giant job; Colgate-Palmolive Co.	April	152
New efficiency in dry net weighing; Lever Bros. Co.	February	100
Non-flammable cleaning fluid; White Frost Chemicals	December	109
Packaging paper for detergents; The Gilbreth Co.	September	233
Plastics bottles (Soakys) for liquid bubbie bath product; Colgate Palmolive Co.	December	116
PVC container for auto-cleaner/wax product; S. C. Johnson & Son	July	100
Portion pack of detergent or bleach; Scientific Packaging Corp.	February	96
Scouring powder in polyethylene; Spar, Ltd. (England)	September	110
Soap wrappers; Procter & Gamble	August	94
Two-part plastics bottle combines utility and economy for window-cleaner tablets; Armstrong Cork Co. (Consumer Products Div.)	November	124
Weight of detergent products	June	41
Society of the Plastics Industry		
National Plastics Exposition	January	108
Plastics Bottle Division; membership; work	May	185
Soft-drinks. See Beverages		

SPRAYING EQUIPMENT

Directional-spray aerosol overcap; Aerosol Research Co.	August	60
Stamping (see Marking Machines and Devices)		
Standarized package dimensions for self-service consumer products	May	46
Standardization can be good (ed.)	May	89
Standardization: a complex problem; international packaging standards	April	106

STAPLING MACHINES

Coil-feed head yields 4,000 staples; Bostitch, Inc.	June	190
New stapling equipment; Speedfast Corp.	April	74
Six-head container-stapling machine; Container Stapling Corp.	November	55
Stapler for closing corrugated containers; Container Stapling Corp.	June	62
Versatile long-run stapler head; Bostitch, Inc.	April	68
Stauffer Hoechst Polymer Corp.		
PVC plant	May	182

STEEL

Beer can lid business	May	46
Steelmakers' challenge to aluminum	March	41
Steel foil (see Foil)		
Stokely-Van Camp, Inc.		
Color key to sales of canned food	January	88
Stoppenbach Sausage Co.		
Paperboard folder package for 1-lb. quantities of sliced bacon	March	104

STRAPPING

Automatic unit applies non-metallic strapping; FMC Corp.	April	274
Cord strapping saves 6%; American Optical Co.	October	114
Equipment shown at National Packaging Show	June	124
Feeder and strapper combined for application of non-metallic strapping; Signode Steel Strapping Co.	April	65
Fully automatic steel strapper; United States Steel Corp.	May	56
Guide for steel strapping; Buffalo Machinery Co., Inc.	December	62
Improved package strapper; Signode Corp.	August	56
Mobile strapping station; American Mfg. Co., Allied Products Div.	November	60
New polypropylene strapping material; FMC Corp.	July	192
New unit pre-cuts non-metallic strapping; A.J. Gerrara & Co.	July	192
Nylon strapping material; The Stanley Works	December	64
Strapping feed tracks; U.S. Steel Supply div. of United States Steel	November	62
Strip packagers	November	145

	Month	Page
STRIP PACKAGING MACHINERY		
Strip- or pouch-packaging machines; Crompton & Knowles Corp.	February	54
Strohmeyer & Arpe Co. (importers)		
Two-part plastics sealing closure protects bottled olives	October	99
Studio Cosmetic Co.		
Faster labeling, lower cost; cosmetic products	July	119
Studio Girl		
First blown-plastics aerosol	July	128
Sun Oil Co.		
Bulk shipments spur savings	February	113
Plastics oil bottle	April	144
Sunkist Growers, Inc.		
Adhesive costs slashed 50%	November	150
Surgical supplies (see Medical and Surgical Supplies)		
Swedish Packaging Research Institute	June	80
Swift & Co.		
Swift's appeal to mother; glass jar for baby foods; red label	September	142
Swift & Co. and Trenton Foods, Inc.		
New heat process opens way to advanced food packaging	April	296
Swimming-pool maintenance	December	109
Switzerland		
Profile of Swiss packaging	May	82
Sylvania Electric Products		
Tear-strip shipper; key to new bulb sales	September	142
SYRUPS		
Polyethylene-coated half-gallon paper containers.	August	43
T		
Tablet packaging, four-step plan for; F. J. Stokes Co.	August	60
Tablet-packaging; The Lakso Co., Inc.	September	76
TABLETS		
Easy-dispensing strip pack	June	107
Tack tester. See Tests and Testing		
Tampering (see Theft)		
Tamperproofing (see Theft)		
TAPE AND TAPE DISPENSERS		
Device 'shoots' tape for carton closure; Better Packages, Inc.	September	233
Heavy-duty gummed-tape dispenser; Minnesota Mining & Mfg. Co.	April	68
High-temperature teflon tape; General Plastics Corp.	December	62
Reinforced sealing tapes; Atlantic Gummed Paper Corp.	September	74
Small change, big savings; layer of foam on corrugated flanges of rip-tape spools; Chicago Printed String Co.	January	115
Versatile strapping tape; American Pres-Stix Tape Co.	October	172
TAPING EQUIPMENT		
Sequence control in a manual taper; Marsh Stencil Machine Co.	April	72
Tax cut a stimulant for packaging. Osker G. Reynolds	May	185
TEA PACKAGING		
Tea-bagging machine; Hayssen Mfg. Co.	November	62
Tea revolution in Scotland	December	84
TECHNICAL AND ENGINEERING SECTION		
ASTM extraction test method. Charles M. Rosser	December	131
Aids to film-quality testing; John Conti	April	216
Air forming of foil. R. C. Reed and R. J. Zoeller	September	186
Analysis of wax sealing; H. C. Moyer and R. P. Zmitrovis.	May	136
Antistatic rating of plastics bottles; Roy R. Divis	January	119
Calculating printed-film yield. Philip Prince and Keith Lindsay	November	168
Considerations in tinplate. Aner N. Laubscher	December	144
Control of respiratory gases; M. Karel and James Go.	February	123
Engineering the plastics bottle. E. J. Temple	November	162
A failure model for HD bottles; J. G. Pick	February	128
A faster WVT method; Hubert O. Ranger and Michael J. Gluckman	July	153
Free-film-ply multiwalls; J. W. Means	September	192
Insectproofing multiwall bags; Henry A. Highland, Dean F. Davis and Fred O. Marzke	August	133
Measuring food migrants. Frederick W. Adams	March	133
Measuring ink drying time; H. K. Price	September	196
Measuring residuals in cellophane; Herbert G. Nadeau and Edward Neumann	February	128
Modified Patra method for WVT; H. J. Lelie	March	145
New concepts in checkweighing. Donald G. Marshall	September	181
New concepts in ultrasonics; Howard Deans	August	129
New data on insect infestation; Herbert E. Collins	October	132
New food-aerosol propellant. F. A. Bower, J. H. Fassnacht and G. J. Roewe	December	137
A new glue-bond tester; W. O. Kroeschell	June	141
A new test for greaseproofness; D. R. Kardon and R. T. Bennett	October	127
New test for plastics antistatics; Procter & Gamble method; Roger E. Schanzle	May	129
New tri-laminate film; Gordon P. Hungerford	July	158
Nylon coatings: a new technique; Alexnader B. Beal	March	140
Operating with plastics bottles. Edward D. Wilcox, Jr.	November	157
Packagability of rigid PVC; M. Salame and Jules Pinsky.	April	209
	May	131
Polycarbonates for packaging; Lawrence D. Burkinshaw	June	141
Polypropylene in closures; R. J. Pecha	January	124
Predicting shipping damage; J. E. Carma and S.J. Pearce.	October	123
Teflon		
Microporous packaging material made of Teflon; General Plastics Corp.	October	60
Teflon tape (see Tape and Tape Dispensers)		
Tektronic, Inc.		
A bonus of economy; stapling machines to close packages of electronic instruments	September	168
TESTS AND TESTING		
ASTM extraction test method; Charles M. Rosser	December	131
Aids to film-quality testing; John Conti	April	216
Battery testing and wrapping; Vidor, Ltd. (Scotland)	December	84
Consumer evaluation tests of irradiated foods by Army volunteers	November	44
Device for humidity testing of papers; Printing, Packaging & Allied Trades Research Assn.	November	58
Flex tester	April	220
Insect infestation of packaged foods. Herbert E. Collins	October	132
Lab tests materials and containers; General Electric Co.	October	88
Low-temperature test standards	April	230
Low-temperature testing	November	172
Low-temperature tests	March	150
Measuring food migrants. Frederick W. Adams	March	133
Measuring ink drying time; H. K. Price	September	196
A new glue-bond tester	June	141
A new test for greaseproofness; D. R. Kardon and R. T. Bennett	October	127
Peel tester	April	222, 224
Pressure-sensitive tape tester; Pressure Sensitive Tape Council	September	244
A probe tack tester. Fred H. Hammond, Jr.	April	225
Static-load tester	April	222
Test data vs. market conditions	October	136
Vibratory package-testing machine; L.A.B. Corp.	November	61
Tetrahedral portion packages	July	58
Tetrahedron package	June	128
Texas Instruments, Inc.		
Triumph for foam; shipping protection for electronic instruments	June	132
TEXTILE MACHINERY		
System measures stretch and shrink of material; Machine-O-Matic	February	56
TEXTILE PRODUCTS		
Pre-packaged textile products in West Germany.	June	78
Textron, Inc., Weinberger Div.		
Re-usable plastics shoe box	June	104
THEFT		
Big blister balks pilferage; Woodhill Chemical Corp.	August	103
Less pilferage resulting from blister and skin packaging	March	44
Machine-applied label enhances jar appearance, helps cut tampering; Phin Universal, Ltd.	May	55
Pilferage problems	February	44
Pilferproof mailer box	June	122
Tamperproof labels; Dennison Mfg. Co.	February	58
THERMOFORMING		
Cigarette packages; tray-type packages for fresh-cut meats, produce and hard goods	November	108
Function in a strip thermoform; Omaton Division of Burndy Corp.	November	138
A glass of wine in PVC; thermoformed containers	August	96
Hinge action in polystyrene; reclosable thermoformed package for physicians' syringe sets; National Drug Co.	June	131
Materials for manufacture of thermoformed packages	June	128
New process	September	274
The Paxton story: now it can be told; Philip Morris	June	93
Thermoforming a vacuum package; Plymouth Rock Provision Co.	October	90
Thermoforming of plastics gains ground	April	317
THERMOPLASTICS		
Closures	November	109
Consumption in Europe; Dow Chemical Co. plants	October	78
Films at Ipack-Ima exhibition in Milan	August	124
Hot-drink cups formed in-line; Lily-Tulip Cup Corp.	April	76
Labeling technique	September	131
Thermoplastic adhesives	November	147
Thermo Plastics, Inc.		
New unit cuts labor and materials costs in cup bagging	October	114
TINPLATE		
Consideration in tinplate. Aner N. Laubscher	December	144
Lid for polyethylene oil can; Humble Oil & Refining Co.	June	103
TOBACCO		
A packager's engineering triumph; snuff packaging; U. S. Tobacco Co.	September	170
TOOTHBRUSHER		
Plastics, paper and foil blend to dramatize new product (cordless electric toothbrusher); Casco Products Corp.	December	104

	Month	Page
Torque retention	January	126
TOYS AND GAMES		
Colgate's 'Soakys;' Colgate-Palmolive Co.	December	116
The toy as a packaging inspiration; Germany	December	86
Trade Center in Europe	February	84
TRADEMARKS AND BRANDS		
Label revisions by H. J. Heinz	July	46
TRAYS		
Candy cups by the yard; glassine cup-trays; Whitman Div. of Pet Milk Co.	December	112
Decaser tray with sleeve for bottle protection; Armstrong Cork Co.	April	274
Four molded-pulp trays; Diamond National Corp.	November	212
Glassine trays for individual candles; Multicup Package Produce Corp.	September	242
Heavy-duty pulp tray for roasts; Keyes Fibre Co.	December	62
Machine packaging of a big plastics tray; Chun King Corp.	June	100
Molded tray for apples, other fruit; Diamond National Corp.	August	58
Polystyrene-and-corrugated fruit tray; Bartollo Chiori (Italy)	February	84
Scalloped-edge pulp produce trays; Keyes Fibre Co.	May	56
Showcase for meats in vacuum-formed polystyrene tray; Ralphs Grocery Co.	October	95
Six-compartment foil tray for foods; Anaconda Aluminum Co.	January	54
Trenton Food, Inc. (See Swift & Co.)		
Triple A Packaging Corp.		
Continuous film wrapper for fruits and produce	November	126
TUBES AND TUBING		
Annual volume of plastics tubes	November	44
Collapsible tubes from multiply sheet material	January	41
How tubing machine works; producing ultrasonic packages	August	131
Metal-collapsible-tube industry in 1963	May	185
Multi-ply laminated plastics-and-foil tube material; pictorial rotogravure printing can be applied	April	136
New automatic checkweigher for tubes; Mettler Instrument Corp.	October	56
1-mil thick seamless-wall tubing; Adam Spencer Corp.	November	212
Plastics dispenser for tablets; Dyn Corp.	December	178
Plastics tube for shampoo; Avon Products, Inc.	September	293
Polyethylene container with dispenser tube; Reliance Products, Ltd.	February	56
PVC tube filling through the closure; Wintite Products, Ltd.	May	100
PVC tube for oily ointment; Kendall Co.	April	150
'Skintight' plastics tubing; The Gilbreth Co.	October	172
Tube filler, automatic carton infeed; Arenco Machine Co.	September	78
Tube sealer for vinyl films; Guild Electronics, Inc.	May	56
Two-piece plastics tube closure allows for one-hand operation H. G. Sanders & Son (English firm)	January	52
Type size	January	96
TYPEWRITER SUPPLIES		
Packaging-line savings invested in product upgrading (typewriter ribbons); Labelon Corp.	August	123
U		
Ultrasonics (see Engineering)		
UNIT PACKAGING		
The growth of single use	December	106
United Shoe Machinery Corp.		
Easy-open cans licensed	November	258
UNITED STATES		
Federal Trade Commission		
Cigarette packs	March	91, 190
For FTC, a bigger stick	January	98
Order to put a "death" warning on cigarette packages	August	43
Proposed health warning on cigarette packages	May	43
Food and Drug Administration		
Approval of food-aerosol propellant	December	140
Delay in approving blown polyvinyl chloride bottles	August	46
Enforcement drive on "inconspicuous labeling"	December	39
For F&DA, a broader role	January	97
U. S. Army		
Army studies packaging for radiation sterilized foods	January	169
United States Army's Natick Laboratories		
Corrugated storage-shipper box shaves military expenses	April	198
U. S. Gauge		
Air-bubble cushioning of precision instruments	September	138
U. S. Tobacco Co.		
A packager's engineering triumph; snuff packaging	September	170
Unwind stand; Stanford Engineering Co.	September	245
Upjohn Co.		
Non-commercial look comes to the pet-product field; veterinary nutritional tablets in ceramic clay-fired jar	February	99
URETHANE		
Urethane packaging for fragile items; American Urethane Co.	October	60
Use of foam-in place urethane in packaging turbine engines; Continental Aviation & Engineering Corp.	October	116
V		
VCA, INC.		
New aerosol metered-valve construction simplifies filling	December	56
Vacuum metalizing	April	142
VACUUM FORMING		
Skin- and blister-pack vacuum former; Abbott Plastic Machine Corp.	October	58
VACUUM PACKAGING		
Luncheon-meat vacuum packager; Cryovac Div., W. R. Grace & Co.	September	232
Tear-tape-opening vacuum coffee can; General Foods Corp.	February	98
Vacuum-formed film pouch for Armour frankfurters	November	120
Vahlsing, Inc.		
Film bags rack up savings for Maine potato processor	May	122
Vended products, Packaging for	November	264
VENDING MACHINES		
Coin machines for dentifrices, laundry and household-cleaning materials	December	108
Combined production and wrapping of cookies for vending machines; Quality Machine Co. and Package Machinery Co.	March	54
Expansion in Germany	September	108
Marketing of packaged merchandise	January	44
Package for vending-machine sale; Austin Biscuit Corp.	January	93
Sales in 1963	August	46
Solving a vending problem; Scientific Packaging Corp.	February	96
Vending potential dictates package design; England	February	84
VETERINARY PRODUCTS		
PVC tube for oily ointment; Kendall Co.	April	150
VIALS		
Vials with straight, parallel walls; Richardson-Merrell, Inc.	November	214
Vidor, Ltd. (Scotland)		
Battery testing and wrapping	December	84
VINYL		
Improved vinyl-copolymer additive; E. I. duPont de Nemours & Co.	July	62
Nomenclature situation of vinyls	November	105
Tube sealer for vinyl films; Guild Electronics, Inc.	May	56
Visual Art Industries		
Engineered overwrapping of cartons in PVC film	November	128
Vita-Care Corp.		
New valved film pouch for powdered hair-care product	July	132
Vitamin Council, Inc.		
Dispensing a dust cloud; packaging of aspirin and other tablets.	June	133
Von's Grocery Co.		
Cohesive design repairs a splintered company image	February	98
W		
Waldorf Paper Products Co.		
Glue-bond tester. W. O. Kroeschell	June	141
Wardley Brine & Shrimp Co.		
High-speed liquid pouching	September	141
Warehouse operations, Computer control of; Kitchens of Sara Lee	October	208
WATCHES		
Low-cost upgrading; precision watches for children; Elgin National Watch Co.	April	204
WATER COOLERS		
Second look saves money; shipping carton for water coolers; Ebco Manufacturing Co.	March	125
WATER VAPOR		
A faster WVT method; measuring transmission rates in minutes. Hubert O. Ranger and Michael J. Gluckman	July	153
Modified Patra method for WVT; H. J. Lelie	March	145
Water-vapor permeability; conversion of WVP figures	February	138
Wax sealing (see Sealing Equipment and Supplies)		
WAXES		
Release-coated multiwall bag for waxes, resins; Union Bag-Camp Paper Corp.	June	60
"We think about you" — Editorial memo.	September	125
WEIGHING MACHINES AND DEVICES		
Accurate weigher/counter for in-line use; Exactron, Inc.	June	188
Bagging scale boasts extreme accuracy in 50- and 100-lb. fills; Howe Richardson Scale Co.	October	52
Checkweigher for canned goods; Illumitronic Systems Corp.	December	64
Checkweigher reject patterns; Illumitronic Systems Corp.	November	58
Checkweigher sorts by categories; Arenco Machine Co.	May	58
Check-weighing devices	November	142, 143
Continuous weigher/filler; Wright Machinery Co.	September	74
Electronic weighing units; Amaco, Inc.	September	232
Low-cost, accurate checkweigher; FMC Corp.	September	70
New automatic checkweigher for tubes; Mettler Instrument Corp.	October	56
New concepts in checkweighing. Donald G. Marshall	September	181
New efficiency in dry net weighing of powdered detergents; Lever Bros. Co.	February	100
Speedy, accurate rotary weigher; Pneumatic Scale Corp. Ltd.	September	68

	Month	Page
Weighing a sticky product	August	140
California's program for weight control	July	130
Weight as package-checking test	July	43
WELDING		
Extra-value container; bellows-bottom polyethylene container for welding-alloy powders; Eutetic Welding Alloys Corp.	April	151
Machine automatically spin welds two parts of plastics containers; Brown Machine Co.	June	58
Machine forms rolled rim on plastics cups; Welder Corp.	February	56
Ultrasonic welder joins rigid plastics; Branson Sonic Power	April	76
Weldotron Corp.		
Shrink-tunnel rollers simultaneously rotate and move forward	December	57
West Virginia Pulp & Paper Co.		
Automatic equipment fills multiwalls at high speeds	December	56
Western-based companies	July	145
Western Packaging Exposition	January	162
	May	182
	June	233
	July	136
Western Playing Card Co.		
In-plant gravure imprinting of film	November	114
Westinghouse Electric Corp.		
Cost-saving random sealer	December	121
Westinghouse Electric's Lamp Division		
Contoured foam-sheet cushion eliminates shipping damage to movie-projector lamps	April	199
Westmore Cosmetics Co.		
Versatile cosmetics labeling of lipstick cases	May	112
Whitman Div. of Pet Milk Co.		
Candy cups by the yard	December	112
WINDING MACHINERY		
Narrow-web winder; Stanford Engineering Co.	September	232
Wintite Products, Ltd.		
Tube filling through the closure	May	100
Wire stitcher; Acme Steel Co.	November	62
Wonder Bar Products		
A lesson in packaging; carton for cocktail ingredients	October	99
Wooden containers	May	188
Woodhill Chemical Corp.		
Big blister balks pilferage	August	103
For a multi-purpose product one container acts as two	September	143
WORLD REPORT		
Packaging trends as observed abroad.		
	September	108
	October	78
	November	90

WRAPPERS		
Automatic foil wrapping of chocolate eggs; England	February	84
Banana wraps	June	134
Cohesive single-faced corrugated; Sherman Paper Products Div. of St. Regis Paper Co.	September	238
Decorative protective wrappers for candy; Thilmany Pulp & Paper Co.	February	164
In-store meat-wrapping material; parallelogram-shaped cellophane sheet; Olin Mathieson Chemical Corp.	August	58
Oriented polypropylene film; England.	February	84
Overwraps of polyvinyl-chloride film; Atlantic Refining Co.	November	212
Three-ply pololefin films for wrapping have broad heat-sealing ranges; Kordite Corp.; U.S. Industrial Chemicals Film Products	January	50
Two-side-coated biaxially oriented polypropylene bread-wrap film; Kordite Corp.	April	64
WRAPPING MACHINES AND DEVICES		
Automatic wrapping of chocolate bars; Societe Anonyme des Plieuses Automatiques Lausanne	June	62
Choosing the right machine	June	158
Efficient overwrapping boosts speeds and cuts costs 65%; Lion Packing Co.	June	132
Engineered overwrapping of cartons in PVC film; Visual Art Industries	November	128
Exhibits at Amsterdam (International Packaging Exhibition)	June	106
Faster film wrapping	November	144
For snuff cans; U. S. Tobacco Co.	September	292
Giant machine that wraps grouped product packages in a master bundle of kraft paper	November	146
High-speed cellophane overwrapper; Battle Creek Packaging Machines, Inc.	October	166
High-speed cellophane-overwrapping unit; Battle Creek Packaging Machines, Inc.	June	60
Independent labeler added to overwrap machine to form integrated line; Crompton & Knowles Corp.	March	54
New cellophane candy wrap; Olin Mathieson Chemical Corp.	September	74
New integrated shrink-packaging machine; Great Lakes Stamp & Mfg. Co.	June	62
New PVC shrink film for frozen meats; automatic wrapping machine	April	177
Soft-film wrapping machine; Oliver Machinery Co.	October	166
33⅓ savings in polypropylene shrink packaging of franks; E. Demakes & Co., Inc.	November	130
Three overwrappers use PP film for overwrapping of cartons and trays; Battle Creek Packaging Machines, Inc.	February	54
Versatile new wrapping machine; Doughboy Industries	July	60
Versatile shrink wrapper handles cylindrical products at high speeds; Common Market Packaging Corp.	April	64
Wrapper for 3-side seals; GEB machine; Arenco Machine Co.	April	274
Wrapping machines; Package Machinery Co.	September	74
Tablet-counting/roll-wrapping machines; Hayssen Mfg. Co.	November	216
